

HEALTH CARE AND EMERGENCIES

The Board of Trustees recognizes the importance of taking appropriate action whenever an emergency threatens the safety, health, or welfare of a student at school or during school-sponsored activities.

(cf. 0450 - Comprehensive Safety Plan)
(cf. 3516 - Emergencies and Disaster Preparedness Plan)
(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)
(cf. 5141.22 - Infectious Diseases)
(cf. 5142 - Safety)

The Superintendent or designee shall develop procedures to ensure that first aid and/or medical attention is provided as quickly as possible when student accidents and injuries occur and that parents/guardians are notified as appropriate.

(cf. 3530 - Risk Management/Insurance)
(cf. 5143 - Insurance)
(cf. 6145.2 - Athletic Competition)

The Superintendent or designee shall ask parents/guardians to provide emergency contact information in order to facilitate communication in the event of an accident or illness.

District staff shall appropriately report and document student accidents.

Resuscitation Orders

The Board believes that staff members should not be placed in the position of determining whether or not to follow any parental or medical "do not resuscitate" orders. Staff shall not accept or follow any such orders unless they have been informed by the Superintendent or designee that the request to accept such an order has been submitted to the Superintendent or designee, signed by the parent/guardian, and supported by a written statement from the student's physician and an order from an appropriate court.

The Superintendent or designee shall ensure that all parents/guardians are informed of this policy.

Automated External Defibrillators

The Board authorizes the placement of automated external defibrillators (AEDs) at designated school sites for use by designated personnel who have volunteered to receive training in the use of AEDs.

The Superintendent or designee shall develop guidelines for employees regarding the use of these devices and shall ensure that employees receive training on their proper use and handling. The guidelines shall also specify the placement, security, and maintenance of the AED.

HEALTH CARE AND EMERGENCIES (continued)

The authorization of AEDs in district schools shall not be deemed to create a guarantee or obligation to use the AED in the case of an emergency nor any expectation that an AED or trained employee will be present and/or able to use an AED in an emergency or any expectation that the AED will operate properly.

HEALTH CARE AND EMERGENCIES

Emergency Contact Information

In order to facilitate contact in case of an emergency or accident, parents/guardians shall furnish the principal or designee with the information specified below:

1. Home address and telephone number
2. Parent/guardian's business address and telephone number
3. Parent/guardian's cell phone number and e-mail address, if applicable
4. Name, address, and telephone number of a relative or friend to whom the student may be released and who is authorized by the parent/guardian to care for the student in cases of emergency or when the parent/guardian cannot be reached
5. Local physician to call in case of emergency

(cf. 5021 - Noncustodial Parents)

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5142 - Safety)

Consent by Caregiver

Any person 18 years of age and older who files with the district a completed caregiver's authorization affidavit for a minor district student shall have the right to consent to or refuse school-related medical care on behalf of the student. The caregiver's authorization shall be invalid if the district receives notice from the caregiver that the minor student is no longer living with the caregiver. (Family Code 6550)

(cf. 5111.1 - District Residency)

The caregiver's consent to medical care shall be superseded by any contravening decision of the parent or other person having legal custody of the student, provided that this contravening decision does not jeopardize the student's life, health, or safety. (Family Code 6550)

Automated External Defibrillators

When an automated external defibrillator (AED) is placed in the school, the principal or designee shall ensure that: (Health and Safety Code 1797.196)

1. School employees annually receive a brochure, with contents and style approved by the American Heart Association or American Red Cross, that describes the proper use of an AED

HEALTH CARE AND EMERGENCIES (continued)

2. The American Heart Association or American Red Cross brochure or similar information is posted next to every AED
3. School employees are annually notified of the location of all AED units on school grounds

The principal shall designate the trained employees who shall be available to respond to an emergency that may involve the use of an AED during the hours of classroom instruction or when a school-sponsored activity is occurring on school grounds. (Health and Safety Code 1797.196)

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS

The Board of Trustees recognizes that during the school day, some students may need to take medication prescribed or ordered by an authorized health care provider to be able to fully participate in the educational program. The Superintendent or designee shall develop processes for the administration of medication to these students. For any student with a disability, as defined under the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act of 1973, necessary medication shall be administered in accordance with the student's individualized education program or Section 504 services plan.

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

If a parent/guardian chooses, he/she may administer the medication to his/her child at school or designate another individual who is not a school employee to do so on his/her behalf.

(cf. 1250 - Visitors/Outsiders)
(cf. 6116 - Classroom Interruptions)

In addition, upon written request by the parent/guardian and with the approval of the student's authorized health care provider, a student with a medical condition that requires frequent treatment, monitoring, or testing may be allowed to self-administer, self-monitor, and/or self-test. The student shall observe universal precautions in the handling of blood and other bodily fluids.

(cf. 5141 - Health Care and Emergencies)
(cf. 5141.22 - Infectious Diseases)
(cf. 5141.23 - Asthma Management)
(cf. 5141.27 - Food Allergies/Special Dietary Needs)

Administration of Medication by School Personnel

Any medication prescribed by an authorized health care provider, including an emergency antiseizure medication for a student with epilepsy, may be administered by the school nurse or other designated school personnel only when the Superintendent or designee has received written statements from both the student's parent/guardian and authorized health care provider. (Education Code 49414.7, 49423; 5 CCR 600)

School nurses and other designated school personnel shall administer medications in accordance with law, Board policy, and administrative regulation and shall be afforded appropriate liability protection.

(cf. 3530 - Risk Management/Insurance)
(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)
(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

Only a school nurse or other school employee with an appropriate medical license may administer an insulin injection to a student. In the event that no such licensed school personnel is available, the district may contract with a licensed nurse from a public or private agency to administer insulin to the student.

(cf. 5141.24 - Specialized Health Care Services)

When unlicensed personnel are authorized by law to administer a medication, such as emergency antiseizure medication, epinephrine auto-injector, or glucagon, the Superintendent or designee shall ensure that school personnel designated to administer it to students receive appropriate training from qualified medical personnel before any medication is administered. At a minimum, the training shall cover how and when such medication should be administered, the recognition of symptoms and treatment, emergency follow-up procedures, and the proper documentation and storage of medication. Such trained, unlicensed designated school personnel shall be supervised by and provided with emergency communication access to a school nurse, physician, or other appropriate individual.

The Superintendent or designee shall maintain documentation of the training, ongoing supervision, as well as annual written verification of competency of such other designated school personnel.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

In an emergency situation such as a public disaster or epidemic, a trained, unlicensed district employee may administer medication to a student.

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS

Definitions

Authorized health care provider means an individual who is licensed by the State of California to prescribe or order medication, including, but not limited to, a physician or physician assistant. (Education Code 49423; 5 CCR 601)

Other designated school personnel may include any individual employed by the district who has consented to administer the medication or otherwise assist the student and who may legally administer the medication to the student or assist the student in the administration of the medication. (5 CCR 601)

Medication may include not only a substance dispensed in the United States by prescription, but also a substance that does not require a prescription, such as over-the-counter remedies, nutritional supplements, and herbal remedies. (5 CCR 601)

Emergency medical assistance for a student suffering an epileptic seizure means the administration of an emergency antiseizure medication such as diazepam rectal gel and other emergency medications approved by the federal Food and Drug Administration for patients suffering from epileptic seizures. (Education Code 49414.7)

Notifications to Parents/Guardians

At the beginning of each school year, the Superintendent or designee shall notify parents/guardians of the options available to students who need to take prescribed medication during the school day and the rights and responsibilities of parents/guardians regarding those options. (Education Code 49480)

(cf. 5145.6 - Parental Notifications)

In addition, the Superintendent or designee shall inform the parents/guardians of any student on a continuing medication regimen for a nonepisodic condition of the following requirements: (Education Code 49480)

1. The parent/guardian is required to inform the school nurse or other designated employee of the medication being taken, the current dosage, and the name of the supervising physician.
2. With the parent/guardian's consent, the school nurse or other designated employee may communicate with the student's physician regarding the medication and its effects and may counsel school personnel regarding the possible effects of the medication on the student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

Parent/Guardian Responsibilities

The responsibilities of the parent/guardian of any student who may need medication during the school day shall include, but are not limited to:

1. Each year, providing required parent/guardian and authorized health care provider written statements as described in the sections "Parent/Guardian Statement" and "Health Care Provider Statement" below. In addition, the parent/guardian shall provide a new authorized health care provider's statement if the medication, dosage, frequency of administration, or reason for administration changes. (Education Code 49414.5, 49414.7, 49423, 49423.1; 5 CCR 600)
2. If the student is on a continuing medication regimen for a nonepisodic condition, informing the school nurse or other designated certificated employee of the medication being taken, the current dosage, and the name of the supervising physician. (Education Code 49480)
3. If the student suffers from epilepsy, notifying the principal or designee whenever the student has had an emergency antiseizure medication administered to him/her within four hours before a school day. (Education Code 49414.7)
4. Providing medications in properly labeled, original containers along with the authorized health care provider's instructions. For prescribed or ordered medication, the container also shall bear the name and telephone number of the pharmacy, the student's identification, and the name and phone number of the authorized health care provider.

Parent/Guardian Statement

When district employees are to administer medication to a student, the parent/guardian's written statement shall:

1. Identify the student
2. Grant permission for an authorized district representative to communicate directly with the student's authorized health care provider and pharmacist, as may be necessary, regarding the authorized health care provider's written statement or any other questions that may arise with regard to the medication
3. Contain an acknowledgment that the parent/guardian understands how district employees will administer or otherwise assist the student in the administration of medication

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

4. Contain an acknowledgment that the parent/guardian understands his/her responsibilities to enable district employees to administer or otherwise assist the student in the administration of medication including, but not limited to, the parent/guardian's responsibility to provide a written statement from the authorized health care provider, to ensure that the medication is delivered to the school in a proper container by an individual legally authorized to be in possession of the medication, and to provide all necessary supplies and equipment
5. Contain an acknowledgment that the parent/guardian may terminate consent for such administration at any time

In addition to the requirements in items #1-5 above, if a parent/guardian has requested that his/her child be allowed to carry and self-administer prescription auto-injectable epinephrine or prescription inhaled asthma medication, the parent/guardian's written statement shall: (Education Code 49423, 49423.1)

1. Consent to the self-administration
2. Release the district and school personnel from civil liability if the student suffers an adverse reaction as a result of self-administering the medication

In addition to the requirements in items #1-5 above, if a parent/guardian wishes to designate an individual who is not an employee of the district to administer medication to his/her child, the parent/guardian's written statement shall clearly identify the individual and shall state:

1. The individual's willingness to accept the designation
2. That the individual is permitted to be on the school site
3. Any limitations on the individual's authority

Health Care Provider Statement

When district employees are to administer medication to a student or when a student is to be allowed to carry and self-administer prescription diabetes medication, auto-injectable epinephrine, or prescription inhaled asthma medication during school hours, the authorized health care provider's written statement shall include:

1. Clear identification of the student (Education Code 49414.7, 49423, 49423.1; 5 CCR 602)

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

2. The name of the medication (Education Code 49414.7, 49423, 49423.1; 5 CCR 602)
3. The method, amount, and time schedules by which the medication is to be taken (Education Code 49414.7, 49423, 49423.1; 5 CCR 602)
4. If a parent/guardian has requested that his/her child be allowed to self-administer medication, confirmation that the student is able to self-administer the medication (Education Code 49423, 49423.1; 5 CCR 602)

(cf. 5141.23 - Asthma Management)

(cf. 5141.27 - Food Allergies/Special Dietary Needs)

5. For medication that is to be administered on an as-needed basis, the specific symptoms that would necessitate administration of the medication, allowable frequency for administration, and indications for referral for medical evaluation
6. Possible side effects of the medication
7. Name, address, telephone number, and signature of the student's authorized health care provider

When authorizing a district employee to administer emergency antiseizure medication to a student, the authorized health care provider's written statement shall also include the following: (Education Code 49414.7)

1. Detailed seizure symptoms, including frequency, type, or length of seizures that identify when the administration of the medication becomes necessary
2. A protocol for observing the student after a seizure, including, but not limited to, whether he/she should rest in the school office or return to his/her class, the length of time for direct observation, and a requirement to contact the school nurse and the student's parent/guardian to continue the observation plan

District Responsibilities

The school nurse or other designated school personnel shall:

1. Administer or assist in administering medications in accordance with the authorized health care provider's written statement
2. Accept delivery of medications from parents/guardians and count and record them upon receipt

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

3. Maintain a list of students needing medication during the school day, including those authorized to self-administer medications, and note on the list the type of medication and the times and dosage to be administered
4. Maintain a medication log which may:
 - a. Specify the student's name, medication, dose, method of administration, time of administration during the regular school day, date(s) on which the student is required to take the medication, and the authorized health care provider's name and contact information
 - b. Contain space for daily recording of the date, time, and amount of medication administered, and the signature of the individual administering the medication
5. Maintain a medication record which may include the authorized health care provider's written statement, the parent/guardian's written statement, the medication log, and any other written documentation related to the administration of medication to the student
6. Ensure that student confidentiality is appropriately maintained

(cf. 5125 - Student Records)

7. Coordinate the administration of medication during field trips and after-school activities

(cf. 5148.2 - Before/After School Programs)

(cf. 6145.2 - Athletic Competition)

(cf. 6153 - School-Sponsored Trips)

8. Report to the parent/guardian and the site administrator any refusal by the student to take his/her medication
9. Keep all medication to be administered by the district in a locked drawer or cabinet
10. As needed, communicate with the authorized health care provider and pharmacist regarding the medication and its effects
11. Counsel other designated school personnel regarding the possible effects of the medication on the student's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

12. Ensure that unused, discontinued, or outdated medication is returned to the student's parent/guardian at the end of the school year or, if the medication cannot be returned, dispose of it in accordance with state laws and local ordinances
13. Provide immediate medical assistance, if needed, and report to the site administrator and parent/guardian instances when the medication is not administered properly, including administration of the wrong medication or failure to administer the medication in accordance with authorized health care provider's written statement

Upon receiving such notification, the site administrator may notify the student's authorized health care provider and shall document the error in the medication log.

Additional Requirements for Management of Epileptic Seizures

In addition to other applicable provisions in preceding sections, the Superintendent or designee shall make arrangements for assisting students with epilepsy who may suffer a seizure at school. Such arrangements shall include the following: (Education Code 49414.7)

1. The notification of any parent/guardian who requests that a nonmedical district employee be trained to provide emergency medical assistance to his/her child that the child may qualify for services or accommodations under a Section 504 plan or an individualized education program (IEP).

The Superintendent or designee shall assist the parent/guardian to explore that option and shall encourage him/her to adopt the option if the student is determined to be eligible for such service or accommodation.

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

2. The creation of an individualized health plan, seizure action plan, or other appropriate health plan designed to acknowledge and prepare for the child's health care needs in school, if a parent/guardian refuses to have his/her child assessed for services or accommodations under the Section 504 plan or an IEP.
3. The distribution of an electronic notice to school staff, no more than twice per school year, for each student whose parent/guardian has requested provision of emergency medical assistance pursuant to Education Code 49414.7. The notice shall be in bold

ADMINISTERING MEDICATION AND MONITORING HEALTH CONDITIONS
(continued)

print and, in accordance with Education Code 49414.7, shall contain a description of the volunteer request, the training that the volunteer will receive, the voluntary nature of the program, and the timelines for the volunteer to rescind his/her offer.

If no employee volunteers to administer emergency antiseizure medication to a student, the Superintendent or designee shall renotify the student's parent/guardian of the option to be assessed for services and accommodations under Section 504 and the federal Individuals with Disabilities Education Act.

4. An assurance that any employee who volunteers to administer an emergency antiseizure medication receives training from a licensed health care professional before administering such medication. When a trained employee has not administered an emergency antiseizure medication to a student within two years after completing the training, he/she shall attend a new training program to retain the ability to administer an emergency antiseizure medication.
5. An assurance that any training provided for district employees who volunteer to administer emergency antiseizure medications to students includes, but is not limited to:
 - a. Recognition and treatment of different types of seizures
 - b. Administration of an emergency antiseizure medication
 - c. Basic emergency follow-up procedures, including, but not limited to, a requirement for the principal or designee to call the emergency 911 telephone number and to contact the student's parent/guardian, but not necessarily to transport the student to an emergency room
 - d. Techniques and procedures to ensure student privacy

(cf. 5022 - Student and Family Privacy Rights)

6. A process for notifying the credentialed school nurse, or the Superintendent or designee as applicable, whenever an employee administers an emergency antiseizure medication to a student at a school site.

INFECTIOUS DISEASES

The Board of Trustees desires to protect students from risks posed by exposure to infectious diseases while providing an appropriate education for all students. The Board recognizes that prevention and education are the most effective means of limiting the spread of infectious diseases.

Infectious Disease Prevention

The Superintendent or designee shall collaborate with parents/guardians and local health agencies and organizations to develop a comprehensive approach to disease prevention that promotes preventative measures and education of students and staff.

(cf. 1020 - Youth Services)

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 5141.3 - Health Examinations)

(cf. 5141.31 - Immunizations)

(cf. 5141.32 - Health Screening for School Entry)

(cf. 5141.6 - School Health Services)

The Superintendent or designee shall regularly review resources available from health experts to ensure that district programs are based on the most up-to-date information.

The Superintendent or designee shall ensure that the district's comprehensive health education program provides information about the prevention of infectious diseases, including the nature of bloodborne pathogens and their transmission, as well as information to help prevent the spread of contagious diseases, such as a pandemic influenza. He/she shall also ensure that each school has sufficient infection prevention supplies that are easily accessible to staff.

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

(cf. 6142.8 - Comprehensive Health Education)

Universal Precautions

Students and staff shall observe universal precautions in order to prevent exposure to bloodborne pathogens and to prevent the spread of infectious diseases.

(cf. 4119.42/4219.42/4319.42 - Exposure Control Plan for Bloodborne Pathogens)

(cf. 4119.43/4219.43/4319.43 - Universal Precautions)

The Superintendent or designee shall inform students of the precautions to be used in cases of exposure to blood or other body fluids through injury, accident, or classroom instruction.

(cf. 5141 - Health Care and Emergencies)

(cf. 6145.2 - Athletic Competition)

INFECTIOUS DISEASES (continued)

Students with Infectious Diseases

The Superintendent or designee shall exclude students only in accordance with law, Board policy, and administrative regulation. Because bloodborne pathogens such as hepatitis B virus, hepatitis C virus, and human immunodeficiency virus (HIV) are not casually transmitted, the presence of infectious conditions of this type is not, by itself, sufficient reason to exclude students from attending school.

(cf. 5112.2 - Exclusions from Attendance)
(cf. 6164.6 - Identification and Education Under Section 504)

Parents/guardians are encouraged to inform the Superintendent or designee if their child has an infectious disease so that school staff may work cooperatively with the student's parents/guardians to minimize the child's exposure to other diseases in the school setting. The Superintendent or designee shall ensure that student confidentiality rights are strictly observed in accordance with law.

(cf. 4119.23/4219.23/4319.23 - Unauthorized Release of Confidential/Privileged Information)

INFECTIOUS DISEASES

The Superintendent or designee shall immediately report to the local health officer the presence or suspected presence of any communicable disease. (17 CCR 2508)

Universal Precautions in the Classroom

Before students work with blood, blood products, or other body fluids, the teacher shall explain the potentially hazardous nature of blood and body fluids in the transmission of various agents from one person to another and the specific procedures and safety precautions to be used in the lesson.

The following precautions shall be used when students are working with blood or other body fluids:

1. Before and after exposure to blood or other body fluids, students shall wash their hands with soap and water and cover any existing cut, wound, or open sore with a sterile dressing.
2. Students shall wear gloves or other personal protective equipment as appropriate.

(cf. 5142 - Safety)

3. Blood typing or similar experiments may be conducted by teacher demonstrations. When being performed individually, students shall work with their own blood or use prepackaged ABO/Rh blood cell kits that have vials of blood previously tested for transmissible agents.
 - a. Students shall use individual sterile lancets for finger punctures and shall not reuse them.
 - b. Before the finger is punctured, it shall be wiped with a piece of cotton that has been immersed in alcohol.
 - c. If bleeding persists after the finger is punctured, the student shall apply a sterile bandage using moderate pressure.
4. Lancets and any other materials contaminated with blood or body fluids shall be discarded into a solution consisting of one part bleach to 10 parts water (1:10), made fresh daily.

INFECTIOUS DISEASES (continued)

5. At the end of the class, surfaces shall be wiped with alcohol or a solution of one part bleach to 10 parts water.

The Superintendent or designee shall involve school nurses, other health professionals, school administrators, and health educators in the development of strategies to help provide a healthy and safe school environment for students with asthma. He/she may also involve school health councils or committees and other interested persons to ensure that the district's strategies are coordinated with other school health programs and practices.

(cf. 1220 - Citizen Advisory Committees)

(cf. 5030 - Student Wellness)

District strategies shall include, but not be limited to, procedures for identifying and addressing individual student needs, providing effective professional development on asthma symptoms and staff responsibilities, and identifying and reducing environmental factors at schools that may trigger and/or worsen asthma symptoms.

ASTHMA MANAGEMENT**Identification of Students with Asthma**

The Superintendent or designee shall, upon a student's registration for school and annually thereafter, request parents/guardians to notify the principal or designee, in writing, if their child has been diagnosed with asthma, has recently experienced symptoms or has a history of asthma, and/or is at risk for potentially severe asthma attacks. The request also shall encourage parents/guardians to provide such notification at any time during the school year that their child is so diagnosed.

The Superintendent or designee shall keep a student's medical information in a secure location and maintain the confidentiality of student health records in accordance with law governing student records. A copy of a student's health record shall be provided to the school nurse, if any. In addition, pertinent information from the health record shall be released to other employees whose responsibilities require that they have access to such information in order to provide support services or to respond in an emergency, such as a student's teacher(s), coach(es), bus driver, and any other staff with responsibility for direct supervision of the student.

(cf. 5125 - Student Records)

(cf. 5148 - Child Care and Development)

(cf. 5148.2 - Before/After School Programs)

(cf. 5148.3 - Preschool/Early Childhood Education)

Individualized Asthma Management

When a student has been diagnosed with asthma or when such a student registers for school, the Superintendent or designee shall request that the parent/guardian submit an asthma action plan. This plan shall be developed by the student's health care provider, in partnership with the student and his/her parents/guardians, and shall include, but not be limited to, information regarding the student's symptoms and severity, asthma triggers, necessary medications, and the parent/guardian's authorization for the health care provider's disclosure of health information to the district. The Superintendent or designee shall request that the parents/guardians submit an updated plan each school year or whenever there are changes in the student's health condition or treatment.

When a student with asthma has been identified as disabled pursuant to Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act, necessary accommodations and services shall be identified as part of the student's Section 504 services plan or individualized education program (IEP), as appropriate.

(cf. 5141.24 - Specialized Health Care Services)

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

ASTHMA MANAGEMENT (continued)

Any student who needs to take prescribed medication during the school day may be assisted by a school nurse or designated school personnel or allowed to carry and self-administer inhaled asthma medication provided that the district receives written statements from the student's physician and parent/guardian in accordance with Education Code 49423.1 and BP/AR 5141.21 - Administering Medication and Monitoring Health Conditions. Parents/guardians shall be requested to provide quick relief medication to be administered in accordance with the student's asthma action plan.

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

Students shall be encouraged to notify their teacher, physical education teacher, coach, or other staff when they are experiencing difficulty breathing and/or need to alter their physical activity level. A student experiencing symptoms shall be encouraged to use his/her quick relief medication. The student shall be supervised on school grounds by a responsible adult until he/she is no longer experiencing symptoms and/or his/her parent/guardian has been contacted.

(cf. 6142.7 - Physical Education and Activity)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6145.2 - Athletic Competition)

In case of emergency, staff shall call 911 and assist the student in the administration of quick relief medication as authorized in the student's asthma action plan, Section 504 services plan, or IEP. Staff shall contact the student's parent/guardian or other person identified as an emergency contact and shall supervise the student until his/her care has been assumed by a health professional, parent/guardian, or designated emergency contact.

(cf. 5141 - Health Care and Emergencies)

(cf. 5142 - Safety)

Education and Support Services

Asthma management and support systems shall be coordinated by a school nurse, other qualified health professional, or educator who has received appropriate training.

Staff shall be provided professional development which includes information about symptoms and common triggers of asthma, ways to reduce acute symptoms, and emergency response procedures. This professional development may be provided by an outside consultant or organization, a school nurse, other qualified health professional, or educator who has received appropriate training.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

ASTHMA MANAGEMENT (continued)

The Superintendent or designee shall provide each school site with information regarding emergency management of asthma to post in easily accessible locations.

A school nurse or other qualified personnel may provide education to students with asthma using approved curriculum. Upon request by a student or his/her parents/guardians, the Superintendent or designee may provide information about available medical resources, including school-based health services as appropriate.

(cf. 5141.3 - Health Examinations)
(cf. 5141.6 - School Health Services)

Environmental Assessment

The Superintendent or designee may periodically conduct an environmental assessment to identify and reduce the presence of common asthma triggers, including, but not limited to, pesticides, chemical pollutants, mold, and animal and dust mite allergens, in the school environment.

(cf. 3513.3 - Tobacco-Free Schools)
(cf. 3514 - Environmental Safety)
(cf. 3514.2 - Integrated Pest Management)
(cf. 3517 - Facilities Inspection)
(cf. 3530 - Risk Management/Insurance)
(cf. 6163.2 - Animals at School)

The Superintendent or designee shall communicate with each school principal when local health advisories are issued for high ozone days or poor outdoor air quality so that outdoor physical activities may be curtailed as necessary.

SPECIALIZED HEALTH CARE SERVICES**Definitions**

Specialized physical health services means those health services prescribed by the student's licensed physician requiring medically related training for the individual who performs the services and which are necessary during the school day to enable the student to attend school. These services include catheterization, gastric tube feeding, suctioning, or other services that require medically related training. (Education Code 49423.5; 5 CCR 3051.12)

Qualified means the ability to demonstrate competence in cardio-pulmonary resuscitation, current knowledge of community emergency medical resources, and skill in the use of equipment and performance of techniques necessary to provide specialized physical health care services for individuals with disabilities. In addition, for designated school personnel, *qualified* means trained in the procedures to a level of competence and safety which meets the objectives of the training as provided by the school nurse, public health nurse, licensed physician, or other programs which provide the training. (Education Code 49423.5; 5 CCR 3051.12)

Training means preparation in the appropriate delivery and skillful performance of specialized physical health care services. (5 CCR 3051.12)

Supervision means review, observation, and/or instruction of a designated school person's performance and of physical health care services, but does not necessarily require the immediate presence of the supervisor at all times. (5 CCR 3051.12)

Provision of Services

A student with disabilities who requires specialized health care services during the school day, as identified in his/her individualized education program (IEP), may be assisted by any of the following individuals: (Education Code 49423.5, 56345)

1. Qualified persons who possess an appropriate credential pursuant to Education Code 44267 (service credential with specialization in health), Education Code 44267.5 (service credential with specialization in health for school nurse), or a valid certificate of public health nursing issued by the Board of Registered Nursing
2. Qualified designated school personnel trained in the administration of specialized physical health care if they perform those services under the supervision of a credentialed school nurse, public health nurse, or licensed physician and the services are determined by the credentialed school nurse or licensed physician, in consultation with the physician treating the student, to meet all of the following criteria:
 - a. Constitute routine care for the student
 - b. Pose little potential harm for the student

SPECIALIZED HEALTH CARE SERVICES (continued)

- c. Are performed with predictable outcomes, as defined in the student's IEP
- d. Do not require a nursing assessment, interpretation, or decision making by the designated school personnel

(cf. 6159 - Individualized Education Program)

Specialized health care or other services that require medically related training shall be provided pursuant to Education Code 49423. (Education Code 49423.5)

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

Schools shall provide appropriate accommodations for safety and necessary physical care services. The student's personal privacy and dignity shall be assured. (5 CCR 3051.12)

A qualified school nurse, public health nurse, or licensed physician responsible for supervising the physical health care of students with disabilities in the school setting shall: (5 CCR 3051.12)

1. Coordinate the health care services to the students with disabilities on the school site
2. Consult with appropriate personnel regarding management of health care services for students with disabilities
3. Make appropriate referrals and maintain communication with health agencies providing care to students with disabilities
4. Maintain or review licensed physician and parent/guardian requests and daily documentation records

The licensed physician of a student with disabilities who is required to receive physical health care services shall provide a written statement detailing the procedure and time schedule by which such procedures are to be given. In addition, the student's parent/guardian shall provide a written statement indicating his/her desire that the district assist the student in the matters set forth in the physician's statement and granting consent for the delivery of such services. (5 CCR 3051.12)

For each student with disabilities, the district shall maintain the physician and parent/guardian statements, as well as the specific standardized procedures to be used if the

SPECIALIZED HEALTH CARE SERVICES (continued)

services are provided. The district shall also maintain daily documentation of specific services provided and shall include the signatures of the personnel who performed the procedure. This documentation shall be maintained in accordance with the requirements for confidentiality of student records and shall be classified as mandatory interim student records. (5 CCR 3051.12)

AVAILABILITY OF CONDOMS

The Board of Trustees strongly encourages students to abstain from sexual activity. However, the Board also believes it has a responsibility to take steps to prevent pregnancy among minors, Human Immunodeficiency Virus (HIV) infection and Acquired Immune Deficiency Syndrome (AIDS), and other sexually transmitted diseases among students who do not abstain from sexual activity.

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6142.1 - Sexual Health and HIV/AIDS Prevention Instruction)

Condoms, when properly used, can reduce the incidence of pregnancy and transmission of HIV/AIDS and other sexually transmitted diseases. The Board therefore finds it appropriate for condoms to be available to male and female students at high schools.

Only licensed health care professionals authorized by the Superintendent or designee may provide condoms to individual students.

(cf. 5141.6 - School Health Services)

The Superintendent or designee shall annually notify parents/guardians that they may exclude their children from the program. Parents/guardians who choose to exclude their children shall be offered information and educational materials designed to help them communicate effectively with their children about pregnancy prevention and sexually transmitted diseases.

Condoms shall be provided in their original packaging, along with the manufacturer's instructions. Students shall receive additional information as appropriate and necessary regarding the proper use of condoms and their effectiveness.

Students shall be advised not to engage in unlawful sexual activity and shall receive information explaining that Penal Code 261.5 prohibits a male of any age from having sexual intercourse with a female under 18 to whom he is not married.

Verbal and/or written information shall be available to students obtaining condoms which stresses that abstinence is the only 100% effective method of preventing pregnancy and sexually transmitted diseases and which does not condone or in any way encourage sexual activity among or with minors.

The Superintendent or designee may provide addresses and telephone numbers of resources that provide further information and counseling regarding HIV testing, AIDS and other sexually transmitted diseases, and pregnancy prevention.

(cf. 1020 - Youth Services)

AVAILABILITY OF CONDOMS (continued)

The Superintendent or designee shall notify parents/guardians of Board policy regarding the availability of condoms and shall seek parent/guardian involvement in developing plans for implementing this policy.

TUBERCULOSIS TESTING

Any student with active tuberculosis shall be excluded from attendance at a district school in accordance with AR 5112.2 - Exclusions from Attendance.

(cf. 5112.2 - Exclusions from Attendance)

Students shall be screened or tested for tuberculosis under the following circumstances:

1. As part of the comprehensive health screening required for school entry, parents/guardians shall provide evidence within 90 days after their child's entry into first grade that their child has been screened for risk of tuberculosis within the preceding 18 months. (Health and Safety Code 124040, 124085)

(cf. 5141.32 - Health Screening for School Entry)

2. Whenever ordered by the local health officer, students seeking admission for the first time to a district school at any grade level shall submit to tuberculosis testing. Any student subject to the order shall be admitted to school as follows:

- a. The Superintendent or designee shall unconditionally admit the student if he/she, prior to admission, submits a certificate, signed by any public or private medical provider, indicating that he/she has completed an approved tuberculosis examination and is free from active tuberculosis. (Health and Safety Code 121485, 121490, 121500; 22 CCR 41305, 41311, 41313)

(cf. 5141.3 - Health Examinations)

(cf. 5141.6 - School Health Services)

(cf. 5148 - Child Care and Development)

(cf. 5148.3 - Preschool/Early Childhood Education)

A student shall not be required to obtain the certificate if his/her parent/guardian or custodian provides the Superintendent or designee with an affidavit stating that the required examination is contrary to his/her beliefs. If there is probable cause to believe that such a student has active tuberculosis, he/she may be excluded from school until the Superintendent or designee is satisfied that he/she is not afflicted. (Health and Safety Code 121505)

- b. A student who has not submitted the certificate may be conditionally admitted provided that he/she receives an approved tuberculin skin test within 10 school days after admission. A student who had a positive skin test and has not subsequently obtained a chest x-ray may be conditionally admitted if he/she receives a chest x-ray within 20 school days after admission. Any student who fails to provide the certificate within those time periods shall be prohibited from further attendance until he/she provides the certificate. (Health and Safety Code 121495; 22 CCR 41315, 41327)

TUBERCULOSIS TESTING (continued)

- c. Whenever the local health officer so orders, a student may be required to complete an additional examination and provide another certificate indicating that he/she is free of communicable tuberculosis. (Health and Safety Code 121485)
 - d. At the discretion of the local health officer, the district may admit a student without a certificate if he/she is undergoing or has already undergone preventive treatment for tuberculosis infection or treatment for tuberculosis disease. (22 CCR 41319)
3. Whenever the Superintendent or designee suspects that a student who has not been examined for tuberculosis either has the disease or has been exposed, he/she shall immediately report by telephone to the local health officer. When required by the local health officer, the district shall exclude the student from school until he/she is certified to be free of communicable tuberculosis. (22 CCR 41329)

The Superintendent or designee shall maintain a record of any student's tuberculosis examination as part of the student's mandatory permanent student record. (22 CCR 41323)

(cf. 5125 - Student Records)

The Superintendent or designee shall annually file a report with the local health department on the results of tuberculosis examinations for all individuals required to complete such examinations in accordance with item #2 above, including, but not necessarily limited to, the number of individuals unconditionally and conditionally admitted and the number of individuals exempted on the basis of their personal beliefs. (22 CCR 41325)

All district staff shall receive information on how tuberculosis is spread and how it can be prevented and treated.

FOOD ALLERGIES/SPECIAL DIETARY NEEDS

The Board of Trustees desires to prevent students' exposure to foods to which they are allergic or intolerant and to provide for prompt and appropriate treatment in the event that a severe allergic reaction occurs at school.

The Superintendent or designee shall develop guidelines for the care of food-allergic students. Such guidelines shall include, but are not limited to, strategies for identifying students at risk for allergic reactions, avoidance measures, education of staff regarding typical symptoms, and actions to be taken in the event of a severe allergic reaction.

(cf. 3550 - Food Service/Child Nutrition Program)
(cf. 3552 - Summer Meal Program)
(cf. 3554 - Other Food Sales)
(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)
(cf. 5030 - Student Wellness)
(cf. 5141 - Health Care and Emergencies)
(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

Parents/guardians shall be responsible for notifying the Superintendent or designee, in writing, regarding any food allergies or other special dietary needs of their child in accordance with administrative regulation.

(cf. 5125 - Student Records)

When a student's food allergy or food intolerance substantially limits one or more major life activities, his/her parents/guardians shall be informed of the district's obligation to evaluate the student to determine if he/she requires accommodations pursuant to Section 504 of the federal Rehabilitation Act. The student shall be evaluated in accordance with law and the procedures specified in AR 6164.6 - Identification and Education Under Section 504. If that process results in the development of a Section 504 plan, the district shall provide the accommodations and/or aids and services identified in the plan.

(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6164.6 - Identification and Education Under Section 504)

If a student's diet restrictions and needed services are addressed in an individualized education program (IEP), the Superintendent or designee shall ensure compliance with the IEP including any necessary food substitutions.

(cf. 6159 - Individualized Education Program)

Students shall not be excluded from school activities nor otherwise discriminated against, harassed, intimidated, or bullied because of their food allergy.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 5131.2 - Bullying)
(cf. 5145.3 - Nondiscrimination/Harassment)

FOOD ALLERGIES/SPECIAL DIETARY NEEDS (continued)

Any complaint of alleged noncompliance with this policy shall be addressed through appropriate district complaint procedures.

(cf. 1312.3 - Uniform Complaint Procedures)

(cf. 3555 - Nutrition Program Compliance)

The district's food services program may, but is not required to, accommodate individual student preferences or diets that are not supported by a statement from the student's health care provider.

FOOD ALLERGIES/SPECIAL DIETARY NEEDS**Definitions**

Special dietary needs include food intolerances, allergies, and other medical needs that may require avoidance of specific foods.

Food allergies are abnormal responses of the body's immune system to certain foods or ingredients.

Anaphylaxis is a potentially life-threatening hypersensitivity to a substance and may be caused by a food allergy. Symptoms may include shortness of breath, wheezing, difficulty breathing, difficulty talking or swallowing, hives, itching, swelling, shock, or asthma. (Education Code 49414)

Epinephrine auto-injector is a disposable drug delivery system with a spring-activated concealed needle that is designed for emergency administration of epinephrine to persons suffering a potentially fatal reaction to anaphylaxis. (Education Code 49414)

Notification by Parent/Guardian

The parents/guardians of any student who has a known food allergy or other special dietary need shall notify the Superintendent or designee, in writing, and provide written medical documentation, signed by the student's health care provider, that describes the nature of the student's condition, instructions, and necessary medications. If the student's condition requires food substitutions or modifications in school meals, the written statement shall also describe the specific foods to be restricted and the foods that should be substituted.

Health Plan

Upon receiving notice of a student's food allergy or other special dietary need, the Superintendent or designee shall ensure that a written health plan is developed, in consultation with the student's parents/guardians and health provider, to manage the student's needs while at school or at a school-sponsored activity. The plan shall seek to minimize the student's risk of exposure to the allergen and address actions to be taken if exposure occurs. As appropriate, the plan may include specific food prohibitions and substitutions, an identification of common school rooms where the student may be exposed, staff responsibilities, information and training to be provided to staff, accommodations and services to facilitate the student's participation in the educational program, and medical/emergency protocols.

When a student with a food allergy or other special dietary need has been identified as disabled pursuant to Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act, necessary accommodations and services shall be identified as part of the student's Section 504 services plan or individualized education program, as appropriate.

FOOD ALLERGIES/SPECIAL DIETARY NEEDS (continued)

(cf. 5141.24 - Specialized Health Care Services)
(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education Under Section 504)

Prevention Strategies

To minimize students' exposure to foods to which they are allergic, the Superintendent or designee shall, at a minimum, implement the following preventive measures:

1. Notification to District Staff

When notified by the parent/guardian that a student has a food allergy, the Superintendent or designee shall inform the student's principal, teacher(s), bus driver, school nurse, coach, and/or any other personnel responsible for supervising the student.

The principal or designee shall notify substitute staff of the identity of any students with known food allergies and the school's response plan.

(cf. 5125 - Student Records)

2. Food Services

The district's food services program shall make food substitutions in breakfasts, lunches, and after-school snacks when students are considered to have a disability under Section 504 that restricts their diet and when a health care provider has signed a statement of need that includes recommended alternate foods. (7 CFR 210.10, 220.8)

(cf. 3550 - Food Service/Child Nutrition Program)
(cf. 3552 - Summer Meal Program)
(cf. 3554 - Other Food Sales)
(cf. 5030 - Student Wellness)
(cf. 5148.2 - Before/After School Programs)

Substitutions may be made on a case-by-case basis for students who do not have a disability under Section 504 but who cannot consume the regular breakfast, lunch, or after-school snack because of medical or other special dietary needs, when supported by a statement of need signed by a health care provider. (7 CFR 210.10, 220.8, 225.16)

The district's food services staff shall check food labels or specifications to ensure that foods do not contain traces of substances to which the student is allergic.

Under no circumstances shall food services staff prescribe nutritional requirements or revise a diet order prescribed by a health care provider.

FOOD ALLERGIES/SPECIAL DIETARY NEEDS (continued)

Food substitutions shall not result in any additional cost to the student.

3. Class Parties/School Activities

Without identifying the student, the principal or teacher may notify parents/guardians of other students in the class that a student is allergic to a specific food and may request that certain foods not be provided at class parties or other school events.

Whenever the ingredients in any food served at class parties or other school activities are unknown, the student shall be encouraged to avoid the food.

4. Sanitation and Cleaning

To avoid spreading allergens, cafeteria tables and classroom surfaces shall be cleaned with fresh cloth or disposable paper towels utilizing cleaning products known to effectively remove food proteins, excluding waterless cleaners or instant hand sanitizers that do not involve a wet-wash step. Cross-contact from a sponge or cloth used to clean allergen-containing tabletops shall be avoided.

Staff shall use and promote hand-washing using soap and water before and after food handling.

Students shall be notified that exchanging meals or utensils is prohibited.

5. Professional Development

Schoolwide professional development shall be provided to appropriate staff on the identification and management of food allergies, including avoidance measures, typical symptoms, the proper use of epinephrine auto-injectors, documentation and storage of medication, and emergency drills.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

6. Supervision of Students

When available, staff who are trained and knowledgeable about symptoms of anaphylaxis and actions to take in an emergency shall provide supervision in the classroom and cafeteria, on the playground, and on field trips or other school activities whenever students known to have a food allergy are present.

(cf. 6153 - School-Sponsored Trips)

FOOD ALLERGIES/SPECIAL DIETARY NEEDS (continued)

7. Health Education

The district's health education curriculum may include instruction on food allergies in order to assist food-allergic students in taking responsibility for monitoring their diet and to teach other students about the dangers of sharing foods or utensils with others.

(cf. 6142.8 - Comprehensive Health Education)

Emergency Response

Epinephrine auto-injectors or other medicine provided for use in the event of an anaphylactic shock reaction shall be stored and used in accordance with law and BP/AR 5141.21 - Administering Medication and Monitoring Health Conditions.

(cf. 4119.43 - Universal Precautions)

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

In addition, staff shall call 911 and seek immediate medical attention for a student experiencing an anaphylactic shock reaction.

(cf. 5141 - Health Care and Emergencies)

As soon as possible, school staff shall contact the student's parents/guardians or other person identified as an emergency contact.

When a student with a known allergy will be off school grounds, such as on a field trip, he/she shall be accompanied by a kit containing at least two doses of epinephrine, other medications as noted by the student's health care provider, and, as appropriate, the student's individualized food allergy plan.

HEALTH EXAMINATIONS

The Board of Trustees recognizes that periodic health examinations of students may lead to early detection and treatment of conditions that impact learning. Health examinations also may help in determining whether special adaptations of the school program are necessary.

The Superintendent or designee shall verify that students have complied with legal requirements for a comprehensive health screening, an oral health assessment, and immunizations at school entry. In addition, the district shall administer tests for vision, hearing, and scoliosis as required by law.

(cf. 5141.26 - Tuberculosis Testing)
(cf. 5141.31 - Immunizations)
(cf. 5141.32 - Health Screening for School Entry)
(cf. 5141.6 - School Health Services)

All students who participate as cheerleaders, song leaders, or athletes in organized competitive sports shall first undergo a medical examination and submit documentation of medical clearance to the district. Upon sustaining an injury or serious illness, a student may be required to have another examination before participating further. This requirement does not apply to participants in occasional play day or field day activities.

(cf. 5143 - Insurance)
(cf. 6145.2 - Athletic Competition)

The Superintendent or designee shall ensure that staff employed to examine students exercise proper care of each student and that examination results are kept confidential. Records related to these examinations shall be maintained and released only in accordance with law.

HEALTH EXAMINATIONS

Cautionary Notice 2013-14: AB 110 (Ch. 20, Statutes of 2013) amended Government Code 17581.5 to relieve districts from the obligation, until July 1, 2014, to perform any activities that are deemed to be reimbursable state mandates under that section. As a result, certain provisions of the following policy or administrative regulation that reflect those requirements may be suspended.

The principal at each school shall notify parents/guardians of the rights of students and parents/guardians related to health examinations. (Education Code 48980; 20 USC 1232h)

(cf. 5141.32 - Health Screening for School Entry)
(cf. 5145.6 - Parental Notifications)

A parent/guardian may annually file a written statement with the principal withholding consent to the physical examination of his/her child. Any such student shall be exempt from any physical examination but shall be subject to exclusion from attendance when contagious or infectious disease is reasonably suspected. (Education Code 49451; 20 USC 1232h)

(cf. 5112.2 - Exclusions from Attendance)
(cf. 5141.22 - Infectious Diseases)
(cf. 5141.26 - Tuberculosis Testing)

Vision and Hearing Tests

Students shall have their vision and hearing tested by qualified personnel authorized by the district. (Education Code 49452, 49454)

(cf. 5141.6 - School Health Services)

All students shall be tested for visual acuity when they first enroll in elementary school and at least every three years thereafter until they complete grade 8. Gross external observation of the student's eyes, visual performance, and perception shall be made by the school nurse and the classroom teacher. (Education Code 49455)

For male students, color vision shall be tested one time, after the student reaches grade 1. Results of the test shall be entered into the student's health record. (Education Code 49455)

Evaluation of a student's vision may be waived at the parent/guardian's request if the parent/guardian presents a certificate from an authorized health care provider specifying the results of an examination of the student's vision, including visual acuity, and, in male students, color vision. (Education Code 49455)

Visual defects or any other defects found as a result of the vision examination shall be reported to the parent/guardian with a request that remedial action be taken to correct or cure the defect. The report of a visual defect, if made in writing, shall be made on a form prescribed by the Superintendent of Public Instruction. (Education Code 49456)

HEALTH EXAMINATIONS (continued)

Such reports shall not include a referral to any private practitioner. However, the student may be referred to a public clinic or diagnostic and treatment center operated by a public hospital or by the state, county, or city department of public health. (Education Code 49456)

Scoliosis Screening

Each female student in grade 7 and each male student in grade 8 shall be screened for scoliosis. This screening shall comply with California Department of Education (CDE) standards and shall be performed by qualified personnel as specified in law. (Education Code 49452.5)

Persons performing the screening shall not solicit, encourage, or advise treatment of the student for scoliosis or any other condition discovered in the course of the screening. (Education Code 49452.5)

The parent/guardian of any student suspected of having scoliosis shall receive a notice which includes an explanation of scoliosis and describes the significance of treatment at an early age. This notice shall also describe the public services available for treatment and include a referral to appropriate community resources. (Education Code 49452.5)

Type 2 Diabetes Information

Because type 2 diabetes in children is a preventable and treatable disease, parents/guardians are encouraged to have their child screened by an authorized health care practitioner for risk factors of the disease, including excess weight, and to request tests of their child's blood glucose to determine if he/she has diabetes or pre-diabetes.

(cf. 5030 - Student Wellness)

The Superintendent or designee shall provide parents/guardians of incoming students in grade 7 with an information sheet developed by the CDE regarding type 2 diabetes, which includes a description of the disease and its risk factors and warning signs, a recommendation that students displaying or possibly suffering from risk factors or warning signs associated with type 2 diabetes be screened for the disease, a description of the different types of diabetes screening tests available, and a description of treatments and prevention methods. The information sheet may be provided with the parental notifications required pursuant to Education Code 48980. (Education Code 49452.7)

The Superintendent or designee may provide information to parents/guardians regarding public or private sources from which they may receive diabetes screening and education services for free or at reduced costs.

IMMUNIZATIONS

To protect the health of all students and staff and to curtail the spread of infectious diseases, the Board of Trustees shall cooperate with state and local public health agencies to encourage and facilitate immunization of all district students against preventable diseases.

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 6142.8 - Comprehensive Health Education)

Each student enrolling for the first time in a district elementary or secondary school, preschool, or child care and development program shall present an immunization record from any authorized private or public health care provider certifying that he/she has received all required immunizations in accordance with law. Students shall be excluded from school or exempted from immunization requirements only as allowed by law.

(cf. 5112.1 - Exemptions from Attendance)

(cf. 5112.2 - Exclusions from Attendance)

(cf. 5141.32 - Health Screening for School Entry)

(cf. 5148 - Child Care and Development)

(cf. 5148.3 - Preschool/Early Childhood Education)

Each transfer student shall be requested to present his/her immunization record upon registration at a district school.

However, when necessary, a transfer student may be conditionally admitted for up to 30 school days while his/her immunization records are being transferred from the previous school. If these records do not arrive within 30 school days, the student shall present written documentation by an authorized health care provider showing that the required immunizations were received. If such documentation is not presented, the student shall be excluded from school until the required immunizations have been administered. (17 CCR 6070)

(cf. 6173 - Education for Homeless Children)

(cf. 6173.1 - Education for Foster Youth)

(cf. 6173.2 - Education of Children of Military Families)

The Superintendent or designee may arrange for an authorized health care provider to administer immunizations at school to any student whose parent/guardian has consented in writing. At the beginning of the school year, parents/guardians shall be notified of their right to provide consent for the administration of an immunization to their child at school. (Education Code 49403)

IMMUNIZATIONS**Required Immunizations**

The Superintendent or designee shall provide parents/guardians, upon school registration, a written notice summarizing the state's immunization requirements.

The Superintendent or designee shall not unconditionally admit any student to a district elementary or secondary school, preschool, or child care and development program nor advance a student to specified grade levels unless the student has presented documentation of full immunization, in accordance with the age/grade and dose required by the California Department of Public Health (CDPH), against the following diseases: (Health and Safety Code 120335; 17 CCR 6020)

1. Measles, mumps, and rubella (MMR)
2. Diphtheria, tetanus, and pertussis (whooping cough) (DTP, DTaP, or Tdap)
3. Poliomyelitis (polio)
4. Hepatitis B
5. Varicella (chickenpox)
6. Haemophilus influenza type b (Hib meningitis)
7. Any other disease designated by the CDPH

(cf. 5141.22 - Infectious Diseases)

(cf. 5148 - Child Care and Development)

(cf. 5148.3 - Preschool/Early Childhood Education)

The student's immunization record shall be provided by the student's health care provider or from the student's previous school immunization record. The record must show the date that each dose was administered.

Exemptions

Exemption from immunization requirements shall be granted under either of the following circumstances: (Health and Safety Code 120365, 120370; 17 CCR 6051)

1. The student's parent/guardian provides a written statement by a licensed physician that, due to the physical condition or medical circumstances of the student, one or more immunizations are considered unsafe or are permanently not indicated. The

IMMUNIZATIONS (continued)

physician's statement shall indicate the specific nature and probable duration of the medical condition or circumstances that contraindicate immunization. In such circumstances, the student shall be exempted from one or more vaccines to the extent indicated by the physician's statement.

2. The student's parent/guardian provides a letter or affidavit documenting which immunizations required by Health and Safety Code 120355 have been given and which immunizations have not been given on the basis that they are contrary to the parent/guardian's beliefs.

(cf. 6141.2 - Recognition of Religious Beliefs and Customs)

When immunization(s) are contrary to the parent/guardian's personal beliefs but there is good cause to believe that the student has been exposed to one of the communicable diseases listed in Health and Safety Code 120325, the student may be temporarily excluded from school until the local public health officer is satisfied that the student is no longer at risk of developing the disease.

On or after January 1, 2014, the parent/guardian shall also submit a form prescribed by the CDPH which includes a signed attestation by a health care practitioner that indicates he/she has provided the parent/guardian with information regarding the benefits and risks of the immunization and the health risks of the communicable diseases listed in Health and Safety Code 120335 to the person and the community. The parent/guardian shall sign a statement indicating that he/she has received this information. Neither the health care practitioner nor the parent/guardian shall sign these statements more than six months prior to the date that the student is subject to the immunization requirement. In lieu of the original form, the district shall accept a photocopy of the signed form or a letter by a health care practitioner that includes all information and attestations included on the form.

Exclusions Due to Lack of Immunizations

Any student without the required evidence of immunization may be excluded from school until the immunization is obtained or an exemption is granted in accordance with the section "Exemptions" above.

(cf. 5112.2 - Exclusions from Attendance)
(cf. 6183 - Home and Hospital Instruction)

Before an already admitted student is excluded from school attendance because of lack of immunization, the Superintendent or designee shall notify the parent/guardian that he/she has 10 school days to supply evidence of proper immunization or an appropriate exemption. (Education Code 48216; 17 CCR 6040)

IMMUNIZATIONS (continued)

This notice shall refer the parent/guardian to the student's usual source of medical care or, if the student has no usual source of medical care, then to the county health department or school immunization program, if any. (Education Code 48216)

(cf. 5141.6 - School Health Services)

The Superintendent or designee shall exclude from further attendance any already admitted student who fails to obtain the required immunization within 10 school days following the parent/guardian's receipt of the notice specified above, unless the student is exempt from immunization for medical reasons or personal beliefs. The student shall remain excluded from school until he/she provides written evidence that he/she has received a dose of each required vaccine due at that time. The student shall also be reported to the attendance supervisor or principal. (17 CCR 6055)

Conditional Enrollment

The Superintendent or designee may conditionally admit a student with documentation from an authorized health care provider that: (Health and Safety Code 120340; 17 CCR 6000, 6035)

1. The student has received some but not all required immunizations and is not due for any vaccine dose at the time of admission.
2. The student has a temporary exemption from immunization for medical reasons.

The Superintendent or designee shall notify the student's parents/guardians of the date by which the student must complete all the remaining doses when they become due as specified in 17 CCR 6035.

The Superintendent or designee shall review the immunization record of each student admitted conditionally every 30 days until that student has received all the required immunizations. If the student does not receive the required immunizations within the specified time limits, he/she shall be excluded from further attendance until the immunizations are received. (Health and Safety Code 120375; 17 CCR 6070)

Records

The Superintendent or designee shall record each new entrant's immunizations in the California School Immunization Record and retain it as part of the student's mandatory permanent student record. District staff shall maintain the confidentiality of immunization records and may disclose such information to state and local health departments only in accordance with law. (Health and Safety Code 120375, 120440; 17 CCR 6070)

(cf. 5125 - Student Records)

HEALTH SCREENING FOR SCHOOL ENTRY

Cautionary Notice: AB 97 (Ch. 47, Statutes of 2013) repealed Education Code 42605, which provided temporary flexibility for specified "Tier 3" categorical programs, and instead redirects the funding for those categorical programs into the Local Control Funding Formula (LCFF) (Education Code 42238.01-42251). The supplemental and concentration grant portions of the LCFF may be used for any schoolwide or districtwide educational purpose in accordance with state regulations to be adopted by January 31, 2014, with a goal of increasing or improving services for English learners, foster youth, and students eligible for free and reduced-price meals. Certain requirements related to Tier 3 categorical program(s) in the following policy or regulation are no longer applicable.

Comprehensive Health Screening for Grades K-1

The parent/guardian of a student in kindergarten or first grade shall submit to the Superintendent or designee a certification form developed by the California Department of Health Care Services (DHCS) and signed by the student's health examiner certifying that the student has completed a comprehensive health screening within 18 months prior to entry into first grade or within 90 days thereafter. (Health and Safety Code 124040, 124085)

(cf. 5111 - Admission)

(cf. 5141.3 - Health Examinations)

The Superintendent or designee shall notify parents/guardians of all kindergarten students of the requirement to obtain a health screening and of the availability of the Child Health and Disability Prevention (CHDP) program established pursuant to Health and Safety Code 124025-124110 to assist eligible low-income families in obtaining the health screening. (Health and Safety Code 124100)

(cf. 5145.6 - Parental Notifications)

The notice and certification form shall be included with the notification of immunization requirements provided to parents/guardians prior to their child's enrollment in kindergarten and shall encourage completion of the health screening simultaneously with immunizations. The notice shall also be provided to the parent/guardian of any student who is enrolling in first grade without having attended kindergarten in the district.

(cf. 5141.31 - Immunizations)

In lieu of the certification, the parent/guardian may submit a waiver on a form developed by DHCS indicating that he/she does not want or is unable to obtain a health screening. If the waiver indicates that the parent/guardian was unable to obtain the services, the reasons should be included in the waiver. (Health and Safety Code 124085)

The waiver form shall be provided to a parent/guardian upon request.

HEALTH SCREENING FOR SCHOOL ENTRY (continued)

The completed certification form or the waiver shall be maintained in the student's health file or cumulative record. (5 CCR 432)

(cf. 5125 - Student Records)

During the first 90 days of the school year, the Superintendent or designee may contact any parent/guardian of a first-grade student who has not provided either the certification form or the waiver to ensure that the parent/guardian understands the health screening requirement and, if appropriate, his/her possible eligibility for the CHDP program.

The Superintendent or designee shall exclude from school, for not more than five school days, any first-grade student who does not present evidence of a health screening or a waiver on or before the 90th day after entering first grade. The exclusion shall begin on the 91st day after the student's entrance into the first grade, or if school is not in session, then on the next succeeding school day. (Health and Safety Code 124105)

The Superintendent or designee may exempt a student from exclusion when his/her parents/guardians have been contacted at least twice between the first day and the 90th day after the student's enrollment in first grade and the parents/guardians refuse to provide either a certification form or a waiver. (Health and Safety Code 124105)

(cf. 5112.2 - Exclusions from Attendance)

Oral Health Assessment for Grades K-1

No later than May 31 of the relevant school year, the parent/guardian of a kindergarten student, or first-grade student who was not previously enrolled in kindergarten in a public school, shall certify that the student has received an oral health assessment. The oral health assessment shall have been performed by a licensed dentist or other authorized dental health professional no earlier than 12 months prior to the date of the student's initial enrollment. The parent/guardian shall submit to the Superintendent or designee a California Department of Education standardized form which has been completed and signed by the dental health professional. (Education Code 49452.8)

The Superintendent or designee shall notify parents/guardians of the oral health assessment requirement. The notification shall, at a minimum, consist of a letter that includes all of the following: (Education Code 49452.8)

1. An explanation of the administrative requirements of the law
2. Information on the importance of primary teeth

HEALTH SCREENING FOR SCHOOL ENTRY (continued)

3. Information on the importance of oral health to overall health and to learning
4. A toll-free telephone number to request an application for Healthy Families, Medi-Cal, or other government-subsidized health insurance programs
5. Contact information for county public health departments
6. A statement of privacy applicable under state and federal laws and regulations

The notification and certification form shall be provided to parents/guardians when they register their child for school.

The student may be excused from complying with the oral health assessment if his/her parent/guardian indicates on the standardized form that it could not be completed for any of the following reasons: (Education Code 49452.8)

1. Completion of an assessment poses an undue financial burden on the parent/guardian.
2. The parent/guardian lacks access to a licensed dentist or other dental health professional.
3. The parent/guardian does not consent to an assessment.

Students who are not assessed, or for whom the parents/guardians fail to return the standardized form, shall not be excluded from school attendance.

By December 31 of each year, the Superintendent or designee shall report data on oral health assessments to the county office of education in accordance with Education Code 49452.8.

The report shall also be provided to the Board of Trustees. The identity of any student shall not be included in the report.

HEAD LICE

The Board of Trustees recognizes that head lice infestations among students require treatment but do not pose a risk of transmitting disease. The Superintendent or designee shall encourage early detection and treatment in a manner that minimizes disruption to the educational program and reduces student absences.

The Superintendent or designee may distribute information to parents/guardians of preschool and elementary students regarding routine screening, symptoms, accurate diagnosis, and proper treatment of head lice infestations. The Superintendent or designee also may provide related information to school staff.

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

School employees shall report all suspected cases of head lice to the school nurse or designee as soon as possible.

If a student is found with active, adult head lice, he/she shall be allowed to stay in school until the end of the school day. The parent/guardian of any such student shall be given information about the treatment of head lice and encouraged to begin treatment of the student immediately and to check all members of the family. The parent/guardian also shall be informed that the student shall be checked upon return to school the next day and allowed to remain in school if no active head lice are detected.

Upon the student's return to school, the school nurse or designee shall check the student for active head lice. If it is determined that the student remains infected with head lice, the school nurse or designee shall contact the student's parent/guardian to discuss treatment. As needed, he/she may provide additional resources and/or referral to the local health department, health care providers, or other agencies.

(cf. 5141.3 - Health Examinations)

(cf. 5141.6 - School Health Services)

If a student is found consistently infested with head lice, he/she may be referred to a multidisciplinary team, which may consist of the school nurse, representatives from the local health department and social services, and other appropriate individuals, to determine the best approach for identifying and resolving problems contributing to the student's head lice infestations.

(cf. 1020 - Youth Services)

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

HEAD LICE (continued)

When it is determined that one or more students in a class or school are infested with head lice, the principal or designee may, at his/her discretion, notify parents/guardians of students in that class or school and provide them with information about the detection and treatment of head lice.

Staff shall maintain the privacy of students identified as having head lice.

CHILD ABUSE PREVENTION AND REPORTING

Child Abuse Prevention

The Board of Trustees recognizes the district's responsibility to educate students about the dangers of child abuse so that they will acquire the skills and techniques needed to identify unsafe situations and to react appropriately and promptly.

The district's instructional program shall include age-appropriate and culturally sensitive child abuse prevention curriculum. This curriculum shall explain students' right to live free of abuse, inform them of available support resources, and teach them how to obtain help and disclose incidents of abuse. The curriculum also shall include training in self-protection techniques.

(cf. 6143 - Courses of Study)

The Superintendent or designee shall seek to incorporate community resources into the district's child abuse prevention programs. To the extent feasible, the Superintendent or designee shall use these community resources to provide parents/guardians with instruction in parenting skills and child abuse prevention.

(cf. 1020 - Youth Services)

Child Abuse Reporting

The Board recognizes that child abuse has severe consequences and that the district has a responsibility to protect students by facilitating the prompt reporting of known and suspected incidents of child abuse. The Superintendent or designee shall establish procedures for the identification and reporting of such incidents in accordance with law.

(cf. 0450 - Comprehensive Safety Plan)

Employees who are mandated reporters, as defined by law and administrative regulation, are obligated to report all known or suspected incidents of child abuse and neglect. Mandated reporters shall not investigate any suspected incidents but rather shall cooperate with agencies responsible for investigating and prosecuting cases of child abuse and neglect.

The Superintendent or designee shall provide training regarding the reporting duties of mandated reporters.

In the event that training is not provided to mandated reporters, the Superintendent or designee shall report to the California Department of Education the reasons that such training is not provided. (Penal Code 11165.7)

CHILD ABUSE PREVENTION AND REPORTING

Definitions

Child abuse or neglect includes the following: (Penal Code 11165.5, 11165.6)

1. A physical injury or death inflicted by other than accidental means on a child by another person
2. Sexual abuse of a child, including sexual assault or sexual exploitation, as defined in Penal Code 11165.1
3. Neglect of a child as defined in Penal Code 11165.2
4. Willful harming or injuring of a child or the endangering of the person or health of a child as defined in Penal Code 11165.3
5. Unlawful corporal punishment or injury as defined in Penal Code 11165.4

Child abuse or neglect does not include:

1. A mutual affray between minors (Penal Code 11165.6)
2. An injury caused by reasonable and necessary force used by a peace officer acting within the course and scope of his/her employment (Penal Code 11165.6)

(cf. 3515.3 - District Police/Security Department)

3. An injury resulting from the exercise by a teacher, vice principal, principal, or other certificated employee of the same degree of physical control over a student that a parent/guardian would be privileged to exercise, not exceeding the amount of physical control reasonably necessary to maintain order, protect property, protect the health and safety of students, or maintain proper and appropriate conditions conducive to learning (Education Code 44807)
4. An injury caused by a school employee's use of force that is reasonable and necessary to quell a disturbance threatening physical injury to persons or damage to property, to protect himself/herself, or to obtain weapons or other dangerous objects within the control of the student (Education Code 49001)

(cf. 5144 - Discipline)

5. Physical pain or discomfort caused by athletic competition or other such recreational activity voluntarily engaged in by the student (Education Code 49001)

CHILD ABUSE PREVENTION AND REPORTING (continued)

Mandated reporters include, but are not limited to, teachers; instructional aides; teacher's aides or assistants; classified employees; certificated pupil personnel employees; administrative officers or supervisors of child attendance; administrators and employees of a licensed day care facility; Head Start teachers; district police or security officers; licensed nurses or health care providers; and administrators, presenters, and counselors of a child abuse prevention program. (Penal Code 11165.7)

Reasonable suspicion means that it is objectively reasonable for a person to entertain a suspicion, based upon facts that could cause a reasonable person in a like position, drawing when appropriate on his/her training and experience, to suspect child abuse or neglect. However, *reasonable suspicion* does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. (Penal Code 11166)

Reportable Offenses

A mandated reporter shall make a report using the procedures provided below whenever, in his/her professional capacity or within the scope of his/her employment, he/she has knowledge of or observes a child whom the mandated reporter knows or reasonably suspects has been the victim of child abuse or neglect. (Penal Code 11166)

Any mandated reporter who has knowledge of or who reasonably suspects that a child is suffering serious emotional damage or is at a substantial risk of suffering serious emotional damage, based on evidence of severe anxiety, depression, withdrawal, or untoward aggressive behavior toward self or others, may make a report to the appropriate agency. (Penal Code 11166.05, 11167)

Any district employee who reasonably believes that he/she has observed the commission of a murder, rape, or lewd or lascivious act by use of force, violence, duress, menace, or fear of immediate and unlawful bodily injury against a victim who is a child under age 14 shall notify a peace officer. (Penal Code 152.3, 288)

Responsibility for Reporting

The reporting duties of mandated reporters are individual and cannot be delegated to another person. (Penal Code 11166)

When two or more mandated reporters jointly have knowledge of a known or suspected instance of child abuse or neglect, the report may be made by a member of the team selected by mutual agreement and a single report may be made and signed by the selected member of the reporting team. Any member who has knowledge that the member designated to report has failed to do so shall thereafter make the report. (Penal Code 11166)

CHILD ABUSE PREVENTION AND REPORTING (continued)

No supervisor or administrator shall impede or inhibit a mandated reporter from making a report. (Penal Code 11166)

Any person not identified as a mandated reporter who has knowledge of or observes a child whom he/she knows or reasonably suspects has been a victim of child abuse or neglect may report the known or suspected instance of child abuse or neglect to the appropriate agency. (Penal Code 11166)

Reporting Procedures

1. Initial Telephone Report

Immediately or as soon as practicable after knowing or observing suspected child abuse or neglect, a mandated reporter shall make an initial report by telephone to any police department (excluding a school district police/security department), sheriff's department, county probation department if designated by the county to receive such reports, or county welfare department. (Penal Code 11165.9, 11166)

(Name of appropriate agency)

(Address)

(Phone number)

When the initial telephone report is made, the mandated reporter shall note the name of the official contacted, the date and time contacted, and any instructions or advice received.

2. Written Report

Within 36 hours of knowing or observing the information concerning the incident, the mandated reporter shall then prepare and either send, fax, or electronically submit to the appropriate agency a written follow-up report, which includes a completed Department of Justice form (SS 8572). (Penal Code 11166, 11168)

The Department of Justice form may be obtained from the district office or other appropriate agencies, such as the county probation or welfare department or the police or sheriff's department.

Reports of suspected child abuse or neglect shall include, if known: (Penal Code 11167)

CHILD ABUSE PREVENTION AND REPORTING (continued)

- a. The name, business address, and telephone number of the person making the report and the capacity that makes the person a mandated reporter
- b. The child's name and address, present location, and, where applicable, school, grade, and class
- c. The names, addresses, and telephone numbers of the child's parents/guardians
- d. The name, address, telephone number, and other relevant personal information about the person who might have abused or neglected the child
- e. The information that gave rise to the reasonable suspicion of child abuse or neglect and the source(s) of that information

The mandated reporter shall make a report even if some of this information is not known or is uncertain to him/her. (Penal Code 11167)

The mandated reporter may give to an investigator from an agency investigating the case, including a licensing agency, any information relevant to an incident of child abuse or neglect or to a report made for serious emotional damage pursuant to Penal Code 11166.05. (Penal Code 11167)

3. Internal Reporting

The mandated reporter shall not be required to disclose his/her identity to his/her supervisor, the principal, or the Superintendent or designee. (Penal Code 11166)

However, employees reporting child abuse or neglect to an appropriate agency are encouraged, but not required, to notify the principal as soon as possible after the initial telephone report to the appropriate agency. When so notified, the principal shall inform the Superintendent or designee.

The principal so notified shall provide the mandated reporter with any assistance necessary to ensure that reporting procedures are carried out in accordance with law, Board policy, and administrative regulation. At the mandated reporter's request, the principal may assist in completing and filing the necessary forms.

Reporting the information to an employer, supervisor, principal, school counselor, co-worker, or other person shall not be a substitute for making a mandated report to the appropriate agency. (Penal Code 11166)

CHILD ABUSE PREVENTION AND REPORTING (continued)

Training

Training of mandated reporters shall include identification and mandated reporting of child abuse and neglect. (Penal Code 11165.7)

Training shall also include guidance in the appropriate discipline of students, physical contact with students, and maintenance of ethical relationships with students to avoid actions that may be misinterpreted as child abuse.

(cf. 4119.21/4219.21/4319.21 - Professional Standards)

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

(cf. 5145.7 - Sexual Harassment)

Victim Interviews by Social Services

Whenever a representative from the Department of Social Services or another government agency investigating suspected child abuse or neglect deems it necessary, a suspected victim may be interviewed during school hours, on school premises, concerning a report of suspected child abuse or neglect that occurred within the child's home or out-of-home care facility. The child shall be given the choice of being interviewed in private or in the presence of any adult school employee or volunteer aide selected by the child. (Penal Code 11174.3)

A staff member or volunteer aide selected by a child may decline to be present at the interview. If the selected person accepts, the principal or designee shall inform him/her of the following requirements: (Penal Code 11174.3)

1. The purpose of the selected person's presence at the interview is to lend support to the child and enable him/her to be as comfortable as possible.
2. The selected person shall not participate in the interview.
3. The selected person shall not discuss the facts or circumstances of the case with the child.
4. The selected person is subject to the confidentiality requirements of the Child Abuse and Neglect Reporting Act, a violation of which is punishable as specified in Penal Code 11167.5.

If a staff member agrees to be present, the interview shall be held at a time during school hours when it does not involve an expense to the school. (Penal Code 11174.3)

CHILD ABUSE PREVENTION AND REPORTING (continued)

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse or neglect, the Superintendent or designee and/or principal shall not notify the parent/guardian, but rather shall provide the peace officer with the address and telephone number of the child's parent/guardian. It is the responsibility of the peace officer or agent to notify the parent/guardian of the situation. (Education Code 48906)

(cf. 5145.11 - Questioning and Apprehension by Law Enforcement)

Parent/Guardian Complaints

Upon request, the Superintendent or designee shall provide parents/guardians with a copy of this administrative regulation which contains procedures for reporting suspected child abuse occurring at a school site to appropriate agencies. For parents/guardians whose primary language is not English, such procedures shall be in their primary language and, when communicating orally regarding those procedures, an interpreter shall be provided.

To file a complaint against a district employee or other person suspected of child abuse or neglect at a school site, parents/guardians may file a report by telephone, in person, or in writing with any appropriate agency identified above under "Reporting Procedures." If a parent/guardian makes a complaint about an employee to any other employee, the employee receiving the information shall notify the parent/guardian of procedures for filing a complaint with the appropriate agency. The employee also is obligated pursuant to Penal Code 11166 to file a report himself/herself using the procedures described above for mandated reporters.

(cf. 1312.1 - Complaints Concerning District Employees)

In addition, if the child is enrolled in special education, a separate complaint may be filed with the California Department of Education pursuant to 5 CCR 4650.

(cf. 1312.3 - Uniform Complaint Procedures)

Notifications

The Superintendent or designee shall provide to all new employees who are mandated reporters a statement that informs them of their status as mandated reporters, their reporting obligations under Penal Code 11166, and their confidentiality rights under Penal Code 11167. The district also shall provide these new employees with a copy of Penal Code 11165.7, 11166, and 11167. (Penal Code 11165.7, 11166.5)

CHILD ABUSE PREVENTION AND REPORTING (continued)

Before beginning employment, any person who will be a mandated reporter by virtue of his/her position shall sign a statement indicating that he/she has knowledge of the reporting obligations under Penal Code 11166 and will comply with those provisions. The signed statement shall be retained by the Superintendent or designee. (Penal Code 11166.5)

(cf. 4112.9/4212.9/4312.9 - Employee Notifications)

Employees who work with dependent adults shall be notified of legal responsibilities and reporting procedures pursuant to Welfare and Institutions Code 15630-15637.

The Superintendent or designee also shall notify all employees that:

1. A mandated reporter who reports a known or suspected instance of child abuse or neglect shall not be held civilly or criminally liable for making a report and this immunity shall apply even if the mandated reporter acquired the knowledge or reasonable suspicion of child abuse or neglect outside of his/her professional capacity or outside the scope of his/her employment. Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)
2. If a mandated reporter fails to report an incident of known or reasonably suspected child abuse or neglect, he/she may be guilty of a crime punishable by a fine and/or imprisonment. (Penal Code 11166)
3. No employee shall be subject to any sanction by the district for making a report. (Penal Code 11166)

SUICIDE PREVENTION

The Board of Trustees recognizes that suicide is a major cause of death among youth and should be taken seriously. In order to attempt to reduce suicidal behavior and its impact on students and families, the Superintendent or designee shall develop preventive strategies and intervention procedures.

The Superintendent or designee may involve school health professionals, school counselors, administrators, other staff, parents/guardians, students, local health agencies and professionals, and community organizations in planning, implementing, and evaluating the district's strategies for suicide prevention and intervention.

(cf. 1020 - Youth Services)

(cf. 1220 - Citizen Advisory Committees)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

Prevention and Instruction

Suicide prevention strategies may include, but not be limited to, efforts to promote a positive school climate that enhances students' feelings of connectedness with the school and is characterized by caring staff and harmonious interrelationships among students.

(cf. 5131 - Conduct)

(cf. 5137 - Positive School Climate)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.7 - Sexual Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

The district's comprehensive health education program shall promote the healthy mental, emotional, and social development of students including, but not limited to, the development of problem-solving skills, coping skills, and self-esteem. Suicide prevention instruction shall be incorporated into the health education curriculum in the secondary grades. Such instruction shall be aligned with state content standards and shall be designed to help students analyze signs of depression and self-destructive behaviors, including potential suicide, and to identify suicide prevention strategies.

(cf. 6142.8 - Comprehensive Health Education)

The Superintendent or designee may offer parents/guardians education or information which describes the severity of the youth suicide problem, the district's suicide prevention curriculum, risk factors and warning signs of suicide, basic steps for helping suicidal youth, and/or school and community resources that can help youth in crisis.

Staff Development

Suicide prevention training for staff shall be designed to help staff identify and respond to students at risk of suicide. The training shall be offered under the direction of a district counselor/psychologist and/or in cooperation with one or more community mental health agencies and may include information on:

SUICIDE PREVENTION (continued)

1. Research identifying risk factors, such as previous suicide attempt(s), history of depression or mental illness, substance use problems, family history of suicide or violence, feelings of isolation, interpersonal conflicts, a recent severe stressor or loss, family instability, and other factors

(cf. 5131.6 - Alcohol and Other Drugs)

2. Warning signs that may indicate suicidal intentions, including changes in students' appearance, personality, or behavior
3. Research-based instructional strategies for teaching the suicide prevention curriculum and promoting mental and emotional health
4. School and community resources and services

(cf. 5141.6 - School Health Services)

(cf. 6164.2 - Guidance/Counseling Services)

5. District procedures for intervening when a student attempts, threatens, or discloses the desire to commit suicide

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 4331 - Staff Development)

Intervention

Whenever a staff member suspects or has knowledge of a student's suicidal intentions, he/she shall promptly notify the principal or school counselor. The principal or counselor shall then notify the student's parents/guardians as soon as possible and may refer the student to mental health resources in the school or community.

(cf. 5141 - Health Care and Emergencies)

Students shall be encouraged to notify a teacher, principal, counselor, or other adult when they are experiencing thoughts of suicide or when they suspect or have knowledge of another student's suicidal intentions.

Whenever schools establish a peer counseling system to provide support for students, peer counselors shall complete the suicide prevention curriculum, including identification of the warning signs of suicidal behavior and referral of a suicidal student to appropriate adults.

(cf. 5138 - Conflict Resolution/Peer Mediation)

SUICIDE PREVENTION (continued)

The Superintendent or designee shall establish crisis intervention procedures to ensure student safety and appropriate communications in the event that a suicide occurs or an attempt is made on campus or at a school-sponsored activity.

SUICIDE PREVENTION

Instruction

At appropriate secondary grades, the district's suicide prevention instruction shall be designed to help students:

1. Identify and analyze signs of depression and self-destructive behaviors and understand how feelings of depression, loss, isolation, inadequacy, and anxiety can lead to thoughts of suicide
2. Identify alternatives to suicide and develop coping and resiliency skills
3. Learn to listen, be honest, share feelings, and get help when communicating with friends who show signs of suicidal intent
4. Identify trusted adults, school resources, and/or community crisis intervention resources where youth can get help and recognize that there is no stigma associated with seeking mental health, substance abuse, and/or suicide prevention services

(cf. 1020 - Youth Services)

(cf. 5131.6 - Alcohol and Other Drugs)

(cf. 5141.6 - School Health Services)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6164.2 - Guidance/Counseling Services)

Intervention

When a suicide attempt or threat is reported, the principal or designee shall:

1. Ensure the student's physical safety by one of the following, as appropriate:
 - a. Securing immediate medical treatment if a suicide attempt has occurred
 - b. Securing law enforcement and/or other emergency assistance if a suicidal act is being actively threatened
 - c. Keeping the student under continuous adult supervision until the parent/guardian and/or appropriate support agent or agency can be contacted and has the opportunity to intervene

(cf. 5141 - Health Care and Emergencies)

2. Designate specific individuals to be promptly contacted, including the school counselor, psychologist, nurse, superintendent, and/or the student's parent/guardian, and, as necessary, local law enforcement or mental health agencies

SUICIDE PREVENTION (continued)

3. Document the incident in writing as soon as feasible

(cf. 5125 - Student Records)

4. Follow up with the parent/guardian and student in a timely manner to provide referrals to appropriate services as needed
5. Provide access to counselors or other appropriate personnel to listen to and support students and staff who are directly or indirectly involved with the incident at the school
6. Provide an opportunity for all who respond to the incident to debrief, evaluate the effectiveness of the strategies used, and make recommendations for future actions

In the event that a suicide occurs or is attempted on campus, the principal or designee shall follow the crisis intervention procedures contained in the school safety plan. After consultation with the Superintendent or designee and the student's parents/guardians about facts that may be divulged in accordance with the laws governing confidentiality of student record information, the principal or designee may provide students, parents/guardians, and staff with information, counseling, and/or referrals to community agencies as needed. School staff may receive assistance from school counselors or other mental health professionals in determining how best to discuss the suicide or attempted suicide with students.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 1112- Media Relations)

SCHOOL HEALTH SERVICES

The Board of Trustees recognizes that good physical and mental health is critical to a student's ability to learn and believes that all students should have access to comprehensive health services. The district may provide access to health services at or near district schools through the establishment of a school health center and/or mobile van(s) that serve multiple campuses.

The Board and the Superintendent or designee shall collaborate with local and state agencies and health care providers to assess the health needs of students in district schools and the community. Based on the results of this needs assessment and the availability of resources, the Superintendent or designee shall recommend for Board approval the types of health services to be provided by the district.

- (cf. 6145.2 - Athletic Competition)*
- (cf. 6159 - Individualized Education Program)*
- (cf. 6164.6 - Identification and Education Under Section 504)*

Board approval shall be required for any proposed use of district resources and facilities to support school health services. The Superintendent or designee shall identify funding opportunities available through grant programs, private foundations, and partnerships with local agencies and organizations.

- (cf. 1260 - Educational Foundation)*
- (cf. 1330.1 - Joint Use Agreement)*
- (cf. 3100 - Budget)*
- (cf. 7000 - Facilities Master Plan)*

The Board may prioritize school health services to schools with the greatest need, including schools with medically underserved populations, a high percentage of low-income and uninsured children and youth, large numbers of English learners, Academic Performance Index rankings in deciles 1-3, and/or a shortage of health professionals in the community.

SCHOOL HEALTH SERVICES (continued)

School health services shall be provided or supervised by a licensed health care professional. The Board may employ or contract with health care professionals or partner with community health centers to provide the services under the terms of a written contract or memorandum of understanding.

(cf. 1020 - Youth Services)

(cf. 3312 - Contracts)

If a school nurse is employed by the school or district, he/she shall be involved in planning and implementing the school health services as appropriate.

The Superintendent or designee shall coordinate the provision of school health services with other student wellness initiatives, including health education, nutrition and physical fitness programs, and other activities designed to create a healthy school environment. The Superintendent or designee shall encourage joint planning and regular communications among health services staff, district administrators, teachers, counselors, other staff, and parents/guardians.

(cf. 3550 - Food Service/Child Nutrition Program)

(cf. 5030 - Student Wellness)

(cf. 6142.7 - Physical Education and Activity)

(cf. 6142.8 - Comprehensive Health Education)

(cf. 6164.2 - Counseling/Guidance Services)

Consent and Confidentiality

The Superintendent or designee shall obtain written parent/guardian consent prior to providing services to a student, except when the student is authorized to consent to the service pursuant to Family Code 6920-6929, Health and Safety Code 124260, or other applicable law.

The Superintendent or designee shall maintain the confidentiality of student health records in accordance with law.

(cf. 5125 - Student Records)

Payment/Reimbursement for Services

The Board desires that costs not be a barrier to student access to services. Services may be provided free of charge or on a sliding scale in accordance with law.

The Superintendent or designee shall establish procedures for billing public and private insurance programs and other applicable programs for reimbursement of services as appropriate.

(cf. 5143 - Insurance)

SCHOOL HEALTH SERVICES (continued)

The district shall serve as a Medi-Cal provider to the extent feasible, comply with all related legal requirements, and seek reimbursement of costs to the extent allowed by law.

To further encourage student access to health care services, the Superintendent or designee shall develop and implement outreach strategies to increase enrollment of eligible students from low- to moderate-income families in affordable, comprehensive state or federal health coverage programs and local health initiatives. Such strategies may include, but not be limited to, providing information about the Medi-Cal program on the application for free and reduced-price meals in accordance with law and providing students and parents/guardians with information about the low-cost Healthy Families insurance program.

(cf. 3553 - Free and Reduced Price Meals)

Program Evaluation

In order to continuously improve school health services, the Board shall evaluate the effectiveness of such services and the extent to which they continue to meet student needs.

The Superintendent or designee shall provide the Board with periodic reports that may include, but not necessarily be limited to, rates of participation in school health services; changes in student outcomes such as school attendance or achievement; feedback from staff and participants regarding program accessibility and operations, including accessibility to low-income and linguistically and culturally diverse students and families; and program costs and revenues.

SCHOOL HEALTH SERVICES

Types of Health Services

In accordance with student and community needs and available resources, school health services offered by the district may include, but are not limited to:

1. Physical examinations, immunizations, and other preventive medical services

(cf. 5141.26 - Tuberculosis Testing)
(cf. 5141.3 - Health Examinations)
(cf. 5141.31 - Immunizations)
(cf. 5141.32 - Health Screening for School Entry)

2. First aid and administration of medications

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

3. Diagnosis and treatment of minor injuries and acute medical conditions

4. Management of chronic medical conditions

(cf. 5141.23 - Asthma Management)

5. Basic laboratory tests

6. Referral to and follow-up for specialty care

7. Emergency response procedures

(cf. 5141 - Health Care and Emergencies)

8. Nutrition services

(cf. 3550 - Food Service/Child Nutrition Program)
(cf. 5030 - Student Wellness)

9. Oral health services that may include preventive services, basic restorative services, and referral to specialty services

The Superintendent or designee shall notify all parents/guardians of the opportunity pursuant to Health and Safety Code 104830-104865 for their child to receive the topical application of fluoride, including fluoride varnish, or other decay-inhibiting agent to the teeth during the school year. This notification may be returned by the parent/guardian to consent to the treatment or to indicate that the student shall not receive treatment because he/she has received the treatment from a dentist or the treatment is not desired. (Health and Safety Code 104830, 104850, 104855)

(cf. 5145.6 - Parental Notifications)

SCHOOL HEALTH SERVICES (continued)

10. Mental health services, which may include assessments, crisis intervention, counseling, treatment, and referral to a continuum of services including emergency psychiatric care, community support programs, inpatient care, and outpatient programs

(cf. 1020 - Youth Services)

(cf. 5141.52 - Suicide Prevention)

(cf. 6164.2 - Counseling/Guidance Services)

11. Substance abuse prevention and intervention services

(cf. 5131.6 - Alcohol and Other Drugs)

(cf. 5131.62 - Tobacco)

(cf. 5131.63 - Steroids)

12. Reproductive health services

(cf. 5141.25 - Availability of Condoms)

13. Screening of students to identify the need for physical, mental, and oral health services

14. Referrals and linkage to services not offered on-site

15. Public health and disease surveillance

16. Individual and family health education

17. School or districtwide health promotion

Medi-Cal Billing

In order to provide services as a Medi-Cal provider, the district shall enter into and maintain a contract with the California Department of Health Care Services (DHCS). (Welfare and Institutions Code 14132.06; 22 CCR 51051, 51270)

The Superintendent or designee shall ensure that all practitioners employed by or under contract with the district possess the appropriate license, certification, registration, or credential and provide only those services that are within their scope of practice. (22 CCR 51190.3, 51270, 51491)

The Superintendent or designee shall submit a claim for Medi-Cal reimbursement whenever the district provides a covered preventive, diagnostic, therapeutic, or rehabilitative service

SCHOOL HEALTH SERVICES (continued)

specified in 22 CCR 51190.4 or 51360 to a Medi-Cal-eligible student under age 22 and/or a member of his/her family. (Welfare and Institutions Code 14132.06; 22 CCR 51096, 51098, 51190.1, 51190.4, 51309, 51360, 51535.5)

(cf. 5141.24 - Specialized Health Care Services)

(cf. 6159 - Individualized Education Program)

The district shall maintain records and supporting documentation including, but not limited to, records of the type and extent of services provided to a Medi-Cal beneficiary in accordance with law. (22 CCR 51270, 51476)

(cf. 3580 - District Records)

(cf. 5125 - Student Records)

The Superintendent or designee shall submit an annual report to DHCS identifying participants in the community collaborative, containing a financial summary including reinvestment expenditures, and describing service priorities for the future. (22 CCR 51270)

Any federal funds received by the district as reimbursement for the costs of services under the Medi-Cal billing option shall be reinvested in services for students and their families as specified in Education Code 8804(g). The Superintendent or designee shall consult with a local school-linked services collaborative group, such as that defined in Education Code 8806, regarding decisions on reinvestment of federal funds. (22 CCR 51270)

Medi-Cal Administrative Activities

Designated school staff shall document, on a time survey form, the amount of time spent on activities identified by DHCS which are related to the administration of the Medi-Cal program. Such activities include, but are not be limited to, outreach, referral of health and mental health services, translation services, facilitation of applications, scheduling and arranging emergency and medical transportation of eligible individuals, contracting for services, program planning and policy development, claims administration, and general administration.

The Superintendent or designee shall, on a quarterly basis, submit an invoice to the local educational consortium or local governmental agency through which the district has contracted to receive reimbursement.

Staff responsible for completing the time survey shall annually participate in training regarding eligible activities and the time survey methodology, and shall receive additional training whenever there are changes or updates in administrative claiming categories and activities. New or reassigned staff shall receive training before beginning their duties completing time surveys.

SCHOOL HEALTH SERVICES (continued)

The Superintendent or designee shall maintain an audit file containing original time survey documentation and other records specified by DHCS. Such documentation shall be kept for three years after the end of the quarter in which expenditures were incurred or, if an audit is in progress, until the completion of the audit.

BOARD RESOLUTION ON STUDENT HEALTH AND LEARNING

WHEREAS, the Board of Trustees of the _____ School District recognizes that good health is a prerequisite to optimal learning and that absenteeism among students is clearly associated with school failure; and

WHEREAS, health is defined in a broad sense as a state of complete physical, mental and social well-being and not merely the absence of disease or infirmity; and

WHEREAS, health services are an important element of a comprehensive approach to promoting health and preventing disease and disability in children and youth; and

WHEREAS, access to regular medical care is improved through health insurance, inasmuch as children without health insurance are less likely to have a family doctor, receive timely preventive care, and receive medical treatment; and

WHEREAS, nearly one in five of California's children has no health care coverage, and nearly one in five children without health care coverage do not receive necessary medical treatment for a chronic illness that was serious enough to keep the child from functioning in school; and

WHEREAS, families have a variety of options for health care coverage, including but not limited to California's low-cost Healthy Families program, no-cost Medi-Cal for Children program and local county health initiatives such as Healthy Kids, which provide comprehensive health, dental and vision care coverage to low-income, uninsured children under 19 years of age who represent the state's most vulnerable population; and

WHEREAS, after one year of coverage in the Healthy Families program, California children in the poorest health significantly improved their health, missed less school and improved their school performance; and

WHEREAS, schools can help students achieve academic success by participating in efforts that promote good health and have already demonstrated their commitment to students' health through the institution of such programs as Healthy Start and after-school programs, early care and education programs, school-based/school-linked health services, child nutrition services, school readiness, counseling services, and immunization programs; and

WHEREAS, children's access to health care services requires collaboration with local agencies and community-based organizations so that, through the shared responsibility and collective action of schools, local agencies and/or community-based organizations, we can ensure positive outcomes for our children and youth;

SCHOOL HEALTH SERVICES (continued)

NOW THEREFORE BE IT RESOLVED that the Board of the _____ School District will work to improve children's health, thereby improving their academic performance, by helping to ensure that all children have health insurance coverage. To this end, the district will participate in outreach and enrollment efforts related to California's low-cost Healthy Families Program, no-cost Medi-Cal for Children, and other affordable health programs including local county health initiatives such as Healthy Kids. This will help assure optimal learning for every child by addressing children's health problems and maximizing school attendance.

SUN SAFETY

The Board of Trustees recognizes that overexposure to ultraviolet (UV) radiation from the sun and artificial sources such as sunlamps and tanning beds is linked to the development of skin cancer, eye damage, premature aging, and a weakened immune system and that children are particularly vulnerable to the effects of overexposure. The Board desires to support the prevention of excessive UV radiation exposure by students and to assist students in developing sun-safe habits to use throughout their lives.

The Superintendent or designee shall establish a developmentally appropriate prevention/intervention program for grades K-12 to prevent student overexposure to UV radiation. He/she may coordinate sun safety and UV radiation education and policy efforts with the California Department of Public Health, the local health department, and other local agencies and/or community organizations. He/she shall involve students, parents/guardians, and the community in support of such school-based programs.

(cf. 1020 - Youth Services)

(cf. 5141.6 - School Health Services)

The Superintendent or designee shall incorporate sun safety elements into the curriculum in order to increase students' understanding of the health risks associated with overexposure to UV radiation from the sun or artificial sources and to encourage students to engage in preventive practices.

(cf. 6142.8 - Comprehensive Health Education)

Students shall be encouraged to take reasonable measures to protect their skin and eyes from overexposure to the sun while on campus, while attending school-sponsored activities, or while under the supervision and control of district employees.

(cf. 6142.7 - Physical Education and Activity)

(cf. 6153 - School-Sponsored Trips)

To encourage and assist students to avoid overexposure to the sun when they are outdoors:

1. Students shall be allowed to wear sun-protective clothing, including, but not limited to, hats. (Education Code 35183.5)

(cf. 5132 - Dress and Grooming)

2. Students shall be allowed to wear UV-protective sunglasses outdoors.
3. Students shall be allowed to use sunscreen during the school day without a physician's note or prescription. (Education Code 35183.5)

SUN SAFETY (continued)

Those students using sunscreen shall be encouraged to apply sunscreen at least 15-20 minutes prior to any outdoor activity that will require prolonged exposure to the sun. School personnel shall not be required to assist students in applying sunscreen.

4. Students shall be allowed to use UV-protective lip balm.

The Superintendent or designee shall evaluate the adequacy of shaded and/or indoor areas for recreation at each school and shall consider the provision of sufficient shaded areas in plans for new construction or modernization of facilities.

(cf. 7000 - Facilities Master Plan)

The Superintendent or designee may monitor the UV Index and modify outdoor school activities with regard to the risk of harm associated with the Index level.

Staff shall be encouraged to model recommended sun-safe behaviors, such as avoiding excessive sun exposure, using sunscreen, and wearing hats and other sun-protective clothing.

The Superintendent or designee shall inform school staff and parents/guardians of the district's sun safety measures and shall encourage parents/guardians to provide sunscreen, lip balm, hats, and other sun-protective clothing for their children to use at school. The Superintendent or designee also may provide information to parents/guardians about the risks of overexposure to UV radiation and preventive measures they may take to protect their children during nonschool hours.

1. The adult is the student's custodial parent/guardian.

(cf. 5021 - Noncustodial Parents)

2. The adult has been authorized on the student's emergency card as someone to whom the student may be released when the custodial parent/guardian cannot be reached, and the principal or designee verifies the adult's identity.

(cf. 3516 - Emergencies and Disaster Preparedness Plan)

3. The adult is an authorized law enforcement officer acting in accordance with law.

(cf. 5141.4 - Child Abuse Prevention and Reporting)

(cf. 5145.11 - Questioning and Apprehension by Law Enforcement)

4. The adult is taking the student to emergency medical care at the request of the principal or designee.

(cf. 5141 - Health Care and Emergencies)

Supervision of Students

Teachers shall be present at their respective rooms and shall open them to admit students not less than 30 minutes before the time when school starts. (5 CCR 5570)

Every teacher shall hold students accountable for their conduct on the way to and from school, on the playgrounds, and during recess. (Education Code 44807)

The principal or designee shall require all individuals supervising students to remain alert in spotting dangerous conditions, promptly report any such conditions to the principal or designee, and file a written report on such conditions as appropriate.

(cf. 3530 - Risk Management/Insurance)

SAFETY (continued)

In arranging for appropriate supervision on playgrounds, the principal or designee shall:

1. Where playground supervision is not otherwise provided, provide for certificated employees to supervise the conduct and safety, and direct the play, of students who are on school grounds before and after school and during recess and other intermissions (5 CCR 5552)
2. Clearly identify supervision zones on the playground and require all playground supervisors to remain outside at a location from which they can observe their entire zone of supervision
3. Consider the size of the playground area, the number of areas that are not immediately visible, and the age of the students to determine the ratio of playground supervisors to students

The Superintendent or designee shall ensure that teachers, teacher aides, playground supervisors, yard aides, and volunteers who supervise students receive training in safety practices and in supervisory techniques that will help them to forestall problems and resolve conflicts. Such training shall be documented and kept on file.

(cf. 1240 - Volunteer Assistance)

(cf. 3515.2 - Disruptions)

(cf. 4131 - Staff Development)

(cf. 4231 - Staff Development)

(cf. 5131.4 - Student Disturbances)

(cf. 5138 - Conflict Resolution/Peer Mediation)

Student Safety Patrols

School safety patrols shall be used only at those locations where the nature of traffic will permit their safe operation. The locations where school safety patrols are used should be determined jointly with the local law enforcement agency. (5 CCR 572)

A school safety patrol shall be composed of students of the school who are selected by the principal and shall serve only with written consent from their parent/guardian. Patrol members shall be at least 10 years old and at least in the fifth grade. (Education Code 49302; 5 CCR 571)

Patrol members shall be under the supervision and control of the principal or designee and shall receive training in proper procedures, including, but not limited to, the operations specified in 5 CCR 573-574. Whenever on duty, patrol members shall wear the standard uniform required by 5 CCR 576.

SAFETY (continued)

Playground Safety

Any new playground or any replacement of equipment or modification of components inside an existing playground shall conform to standards set forth by the American Society for Testing and Materials and the guidelines set forth by the U.S. Consumer Product Safety Commission. (Health and Safety Code 115725)

Any playground installed between January 1, 1994, and December 31, 1999, shall conform to these standards not later than 15 years after the date of installation. (Health and Safety Code 115725)

Activities with Safety Risks

Because of concerns about the risk to student safety, the principal or designee shall not permit the following activities on campus or during school-sponsored events unless the activity is properly supervised, students wear protective gear as appropriate, and each participant has insurance coverage:

1. Trampolining
2. Scuba diving
3. Skateboarding or use of scooters
4. In-line or roller skating or use of skate shoes
5. Sailing, boating, or water skiing
6. Snow trips
7. Motorcycling
8. Target shooting
9. Horseback riding
10. Rodeo
11. Other activities determined by the principal to have a high risk to student safety

(cf. 5143 - Insurance)

(cf. 6145 - Extracurricular and Cocurricular Activities)

(cf. 6153 - School-Sponsored Trips)

SAFETY (continued)

Students who operate or ride as a passenger on a bicycle, nonmotorized scooter, or skateboard upon a street, bikeway, or any other public bicycle path or trail shall wear a properly fitted and fastened bicycle helmet that meets the standards of law. Students also shall be required to wear such helmets while wearing in-line or roller skates. (Vehicle Code 21212)

Laboratory Safety

The principal of each school offering laboratory work shall develop procedures for laboratory safety and designate a trained certificated employee to implement and regularly review these procedures.

Hearing Protection

The Superintendent or designee shall monitor students' exposure to excessive noise in classrooms and provide protection as necessary. The Superintendent or designee also may provide hearing conservation education to teach students ways to protect their hearing.

Eye Safety Devices

The Superintendent or designee shall provide schools with eye safety devices for use whenever students, teachers, or visitors are engaged in or observing an activity or using hazardous substances likely to cause injury to the eyes. Eye safety devices may be sold to students for an amount not to exceed their actual cost to the district. (Education Code 32030, 32031, 32033)

(cf. 3260 - Fees and Charges)

Protection Against Insect Bites

To help protect students against insect bites or stings that may spread disease or cause allergic reactions, students shall be allowed to apply insect repellent provided by their parents/guardians, under the supervision of school personnel, and in accordance with the manufacturer's directions, when engaging in outdoor activities.

IDENTIFICATION AND REPORTING OF MISSING CHILDREN

Notices of Missing Children

Every school shall post in an appropriate area the monthly poster on missing children provided by the Department of Justice (DOJ). For elementary schools, the poster shall be posted in an area restricted to adults. (Education Code 38139; Penal Code 14208)

Whenever a new student enrolls or transfers into an elementary school in the district, the principal or designee is encouraged to review the missing person bulletins provided by the DOJ to determine if the student resembles a child listed as missing. (Education Code 49068.5)

(cf. 5111 - Admission)

School staff are also encouraged to monitor "Amber Alerts" issued by law enforcement agencies in serious, time-critical child abduction cases.

If a law enforcement agency notifies the district that a child enrolled in the district has been reported missing, the principal or designee of the school in which the child is enrolled shall place a notice on the front of the child's school record indicating that he/she has been reported missing. If a school receives a record inquiry or request from any person or entity regarding a missing child about whom the school has been notified, the principal or designee shall immediately notify the law enforcement agency that informed the school of the missing child's status. (Education Code 49068.6)

(cf. 5125 - Student Records)

Reporting Missing Children

Any district employee who recognizes a child who has been reported missing through a DOJ notice, an Amber Alert, or other means shall immediately notify law enforcement using the hotline telephone number listed.

In the event that a district employee witnesses a child abduction, he/she shall immediately contact law enforcement and provide the agency with information on the location of the abduction and a description of the victim, the suspect, and any vehicle involved. He/she shall also notify the Superintendent or designee who shall implement steps, as needed, to ensure the safety of other students.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 5142 - Safety)

Fingerprinting Program

The district may offer a voluntary fingerprinting program for all entering kindergarten students and for all students newly enrolled in the district. The district may contract with any

IDENTIFICATION AND REPORTING OF MISSING CHILDREN (continued)

public or private agency, including any appropriate civic or community organization, and/or may seek to obtain private funding and volunteer assistance to perform the fingerprinting. (Education Code 32390; 5 CCR 640)

(cf. 1240 - Volunteer Assistance)
(cf. 3312 - Contracts)

Students shall not be fingerprinted without parent/guardian consent. At the time of students' enrollment in the district, the Superintendent or designee shall notify the parents/guardians of the availability of the voluntary fingerprinting program and ask them to declare, in writing, whether or not they want their child to participate. At the same time, the Superintendent or designee shall notify parents/guardians in writing that they may reverse their declaration on fingerprinting in writing at any time. (Education Code 32390)

(cf. 5145.6 - Parental Notifications)

Parents/guardians of students who consent to the fingerprinting shall be charged a fee calculated to reimburse the district only for actual costs associated with the program. (Education Code 32390)

(cf. 3260 - Fees and Charges)

Fingerprint services shall be provided in accordance with the standards specified in 5 CCR 641.

Any report or document containing a student's fingerprints shall be given to the parents/guardians. It may be given with the child's report card or any other document routinely mailed to parents/guardians, or may be given in person at any parent-teacher conference. No report or document containing a student's fingerprints shall be kept by the district or given to any other private or public entity. (Education Code 32390)

SAFE ROUTES TO SCHOOL PROGRAM

The Board of Trustees recognizes that walking, bicycling, and other forms of active transport to school promote students' physical activity and reduce vehicle traffic and air pollution in the vicinity of schools. As part of the district's coordinated approach to supporting student wellness and safety and enhancing student learning, the Superintendent or designee shall develop and implement strategies to establish and promote safe routes to school program activities.

(cf. 0450 - Comprehensive Safety Plan)

(cf. 3510 - Green School Operations)

(cf. 3514 - Environmental Safety)

(cf. 5030 - Student Wellness)

(cf. 5142 - Safety)

The Superintendent or designee may identify a program coordinator or establish district and/or school site committees to oversee and coordinate related activities.

The Superintendent or designee may collaborate with local public works and public safety departments, transportation agencies, other city and county agencies, school staff, students, parents/guardians and parent organizations, health organizations, community organizations, and/or businesses in the development, implementation, and evaluation of strategies.

SAFE ROUTES TO SCHOOL PROGRAM

District strategies to improve student safety along routes to school and to promote walking, bicycling, and other forms of active transport to school by students may include:

1. Education activities that promote safety and awareness, such as:
 - a. Instructing students about pedestrian, bicycle, and personal safety
 - b. Instructing students about the health and environmental benefits of walking, bicycling, and other forms of active transport to school

(cf. 3510 - Green School Operations)
(cf. 5030 - Student Wellness)
(cf. 6142.7 - Physical Education and Activity)
(cf. 6142.8 - Comprehensive Health Education)

- c. Offering driver safety education to high school students, parents/guardians, and the community
2. Encouragement strategies designed to generate interest in active transport to school, such as:
 - a. Organizing or facilitating "walking school buses" and/or "bicycle trains" whereby students walk or bike to school in groups escorted by parents/guardians or other volunteers as needed
 - b. Organizing special events and activities, such as Walk or Bike to School Day, International Walk to School Month, or year-round competitions
 - c. Publicizing the district's efforts in order to build support of parents/guardians and the community, including providing information about the district's safe routes to school program in parent/guardian communications and in any notifications about transportation options

(cf. 1112 - Media Relations)
(cf. 3540 - Transportation)
(cf. 3541 - Transportation Routes and Services)

3. Enforcement strategies to deter unsafe behaviors of drivers, pedestrians, and bicyclists, such as:
 - a. Initiating or expanding crossing guard, student safety patrol, and/or parent/guardian safety patrol programs

(cf. 5142 - Safety)

SAFE ROUTES TO SCHOOL PROGRAM (continued)

- b. Partnering with local law enforcement to help ensure that traffic laws are obeyed in the vicinity of schools and to implement appropriate measures such as placement of speed feedback monitors, ticketing, and/or driver safety campaigns
 - c. Monitoring to ensure that students who bicycle to school or who use skateboards, skates, or nonmotorized scooters wear helmets in accordance with Vehicle Code 21212
4. Engineering strategies that address the design, implementation, operation, and maintenance of traffic control devices or physical measures, such as:
- a. Working with local government agencies, parents/guardians, school staff, and others as appropriate to gather data about environmental conditions and hazards along routes to school

(cf. 1020 - Youth Services)

(cf. 1220 - Citizen Advisory Committees)

(cf. 1230 - School-Connected Organizations)

(cf. 1400 - Relations Between Other Governmental Agencies and the Schools)

(cf. 1700 - Relations Between Private Industry and the Schools)

(cf. 6020 - Parent Involvement)

- b. Working with local government agencies to make operational and physical improvements that reduce or eliminate hazards, such as reducing motor vehicle traffic speeds in the area and establishing safer and fully accessible crosswalks, walkways, trails, and bikeways
- c. Assessing the adequacy, accessibility, and safety of bicycle parking at schools and making modifications as needed, such as increasing the number of or relocating bicycle racks and/or equipment storage areas

(cf. 7111 - Evaluating Existing Buildings)

- d. Considering safe routes to school when making decisions about siting and designing of new schools

(cf. 7110 - Facilities Master Plan)

(cf. 7150 - Site Selection and Development)

5. Evaluation to assess progress toward program goals, including:
- a. Gathering and interpreting data based on indicators established by the Superintendent or designee and the Board of Trustees

SAFE ROUTES TO SCHOOL PROGRAM (continued)

- b. Presenting data to the Board, program partners, and the public
- c. Recommending program modifications as needed

INSURANCE

The Board of Trustees believes that all students should have health and accident insurance protection to ensure that they receive needed health care services in the event of illness or injury.

The Superintendent or designee shall provide information to students and their parents/guardians about available insurance against injuries occurring during school-related activities, which may include printed matter furnished by the insurer or membership corporation. Parents/guardians shall not be required to enroll their children in insurance programs offered by the district.

- (cf. 6178 - Career Technical Education)*
- (cf. 6178.1 - Work-Based Learning)*

Athletic Teams

Each student participating on a school athletic team shall have insurance protection in the amounts specified in law and administrative regulation for medical and hospital expenses resulting from accidental bodily injury. (Education Code 32221)

- (cf. 6145 - Extracurricular and Cocurricular Activities)*
- (cf. 6145.2 - Athletic Competition)*

If a student does not have insurance protection or a reasonable equivalent of health benefits through other means, including, but not limited to, purchase by the student or his/her parent/guardian, the district shall offer a medical or hospital service or insurance program. (Education Code 32221)

The cost of the insurance protection shall be paid by the parent/guardian of an athletic team member or other persons on the student's behalf.

However, if the parent/guardian is financially unable to pay the costs, the costs shall be paid by the district and/or student body organization. (Education Code 32221)

- (cf. 3260 - Fees and Charges)*
- (cf. 3452 - Student Activity Funds)*

INSURANCE (continued)

Field Trips/Excursions

The district shall offer medical and/or hospital service or insurance protection for students injured while participating in any excursion or field trip under the jurisdiction of, sponsored by, or controlled by the district. (Education Code 35331)

(cf. 3541.1 - Transportation for School-Related Trips)

(cf. 6153 - School-Sponsored Trips)

Parents/guardians choosing to participate in the insurance program offered by the district shall pay the costs of the medical or hospital service or insurance protection.

Athletic Teams

"Members of a school athletic team" include: (Education Code 32220)

1. Members of any extramural athletic team engaged in athletic events on or outside school grounds
2. Members of school bands or orchestras, cheerleaders and their assistants, pompom girls, team managers and their assistants, and any student selected by the school or student body organization to directly assist in the conduct of the athletic event, including incidental activities, but only while such members are being transported by or under the sponsorship or arrangements of the district or the district's student body organization to or from a school or other place of instruction and the place at which the athletic event is being conducted

Insurance for members of school athletic teams shall provide coverage for injury arising while students are: (Education Code 32221)

1. Engaging in or preparing for an athletic event sponsored or arranged by the district or student body organization
2. Being transported by the school district, or under its sponsorship, to and from the school and place of the athletic event

(cf. 3530 - Risk Management/Insurance)
(cf. 3541.1 - Transportation for School-Related Trips)
(cf. 3543 - Transportation Safety and Emergencies)

(cf. 5141.6 - School Health Services)
(cf. 6145 - Extracurricular and Cocurricular Activities)
(cf. 6145.2 - Athletic Competition)

Injuries arising while students are engaged in community recreational activities pursuant to Education Code 10900-10914.5 are excluded. (Education Code 32222)

The district shall offer for medical and hospital expenses resulting from accidental bodily injury a group or individual medical plan with accidental benefits of at least \$200 for each occurrence and major medical coverage of at least \$10,000, with no more than \$100 deductible and no less than 80 percent payable for each occurrence. (Education Code 32221)

The district requires each student participating on a school athletic team to have insurance protection in the amount offered by the district. (Education Code 32221)

INSURANCE (continued)

Prior to participating in athletic activities, each member of an athletic team shall provide proof of insurance coverage to the Superintendent or designee.

Offers of insurance coverage sent to athletic team members shall include the following statement printed in boldface type of prominent size: (Education Code 32221.5)

Under state law, school districts are required to ensure that all members of school athletic teams have accidental injury insurance that covers medical and hospital expenses. This insurance requirement can be met by the school district offering insurance or other health benefits that cover medical and hospital expenses.

Some students may qualify to enroll in no-cost or low-cost local, state, or federally sponsored health insurance programs. Information about these programs may be obtained by calling _____ (insert toll free telephone number).

The above statement shall also be included into any other letters or printed materials, in boldface type of prominent size, that contain the name and/or logo of the district and are sent to members of school athletic teams to inform them of the provisions of Education Code 32220-32224 or any other state law regarding the provision of insurance protection. (Education Code 32221.5)

(cf. 5145.6 - Parental Notifications)

DISCIPLINE

The Board of Trustees desires to provide a safe, supportive, and positive school environment conducive to student learning and to prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, use of effective school and classroom management strategies, and parent involvement can minimize the need for discipline.

The Superintendent or designee shall approve, for each school, a complement of effective, age-appropriate strategies for correcting student behavior. Such strategies may include, but are not limited to, conferences with students and their parents/guardians; use of study, guidance, or other intervention-related teams; enrollment in a program teaching prosocial behavior or anger management; and participation in a restorative justice program. Staff shall use preventative measures and positive conflict resolution techniques whenever possible. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as suspension and expulsion, shall be imposed only when required by law and when other means of correction have failed. (Education Code 48900.5)

(cf. 5020 - Parent Rights and Responsibilities)
(cf. 5137 - Positive School Climate)
(cf. 5138 - Conflict Resolution/Peer Mediation)
(cf. 5145.9 - Hate-Motivated Behavior)
(cf. 6020 - Parent Involvement)
(cf. 6164.5 - Student Success Teams)

Board policies and administrative regulations shall outline acceptable student conduct and provide the basis for sound disciplinary practices.

(cf. 5131 - Conduct)
(cf. 5131.1 - Bus Conduct)
(cf. 5131.2 - Bullying)

The administrative staff at each school may develop disciplinary rules to meet the school's particular needs. However, the rules shall be consistent with law, Board policy, and district regulations. The Board may review, at an open meeting, the approved school discipline rules for consistency with Board policy and state law. (Education Code 35291.5)

(cf. 9320 - Meetings and Notices)

At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline. When misconduct occurs, staff shall attempt to identify the causes of the student's behavior and implement appropriate discipline. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health and opportunity to learn.

Persistently disruptive students may be assigned to alternative programs or removed from school in accordance with law, Board policy, and administrative regulation.

DISCIPLINE (continued)

(cf. 0450 - Comprehensive Safety Plan)

(cf. 6184 - Continuation Education)
(cf. 6185 - Community Day School)

Staff shall enforce disciplinary rules fairly, consistently, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)
(cf. 5145.3 - Nondiscrimination/Harassment)
(cf. 5145.7 - Sexual Harassment)

The Superintendent or designee shall provide professional development as necessary to assist staff in developing consistent classroom management skills, implementing effective disciplinary techniques, and establishing cooperative relationships with parents/guardians.

(cf. 4131 - Staff Development)
(cf. 4231 - Staff Development)
(cf. 4331 - Staff Development)

At the beginning of every school year, the Superintendent or designee shall report to the Board regarding disciplinary strategies used in each school in the immediately preceding school year and their effect on student learning in the school.

Corporal Punishment

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. (Education Code 49001)

However, corporal punishment does not include any pain or discomfort suffered by a student as a result of his/her voluntary participation in an athletic or other recreational competition or activity. In addition, an employee's use of force that is reasonable and necessary to protect himself/herself, students, staff, or other persons, to prevent damage to property, or to obtain possession of weapons or other dangerous objects within the control of the student is not corporal punishment. (Education Code 49001)

In developing site-level disciplinary rules, the principal or designee shall solicit the participation, views, and advice of one representative selected by each of the following groups: (Education Code 35291.5)

1. Parents/guardians
2. Teachers
3. School administrators
4. School security personnel, if any

(cf. 3515.3 - District Police/Security Department)

5. For junior high and high schools, students enrolled in the school

Each school shall file a copy of its rules with the Superintendent or designee.

Each school shall review its site-level discipline rules at least every four years.

It shall be the duty of each employee of the school to enforce the school rules on student discipline. (Education Code 35291)

Disciplinary Strategies

To the extent possible, staff shall use disciplinary strategies that keep students in school and participating in the instructional program. Disciplinary strategies may include, but are not limited to:

1. Discussion or conference between school staff and the student and his/her parents/guardians

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 6020 - Parent Involvement)

2. Referral of the student to the school counselor or other school support service personnel for case management and counseling

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 6164.2 - Guidance/Counseling Services)

3. Convening of a study, guidance, resource panel, or other intervention-related team to assess the behavior and develop and implement an individual plan to address the behavior in partnership with the student and his/her parents/guardians

(cf. 6164.5 - Student Success Teams)

DISCIPLINE (continued)

4. When applicable, referral for a comprehensive psychosocial or psychoeducational assessment, including for purposes of creating an individualized education program or a Section 504 plan

(cf. 6159 - Individualized Education Program)
(cf. 6164.6 - Identification and Education under Section 504)

5. Enrollment in a program for teaching prosocial behavior or anger management
6. Participation in a restorative justice program
7. A positive behavior support approach with tiered interventions that occur during the school day on campus
8. After-school programs that address specific behavioral issues or expose students to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups

(cf. 5148.2 - Before/After School Programs)

9. Recess restriction as provided in the section below entitled "Recess Restriction"
10. Detention after school hours as provided in the section below entitled "Detention After School"
11. Community service as provided in the section below entitled "Community Service"
12. In accordance with Board policy and administrative regulation, restriction or disqualification from participation in extracurricular activities

(cf. 6145 - Extracurricular/Cocurricular Activities)

13. Reassignment to an alternative educational environment

(cf. 6158 - Independent Study)
(cf. 6181 - Alternative Schools/Programs of Choice)
(cf. 6184 - Continuation Education)
(cf. 6185 - Community Day School)

14. Suspension and expulsion in accordance with law, Board policy, and administrative regulation

(cf. 5144.1 - Suspension and Expulsion/Due Process)
(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

DISCIPLINE (continued)

Recess Restriction

A teacher may restrict a student's recess time only when he/she believes that this action is the most effective way to bring about improved behavior. When recess restriction may involve the withholding of physical activity from a student, the teacher shall try other disciplinary measures before imposing the restriction. Recess restriction shall be subject to the following conditions:

1. The student shall be given adequate time to use the restroom and get a drink or eat lunch, as appropriate.
2. The student shall remain under a certificated employee's supervision during the period of restriction.
3. Teachers shall inform the principal of any recess restrictions they impose.

(cf. 5030 - Student Wellness)

(cf. 6142.7 - Physical Education and Activity)

Detention After School

Students may be detained for disciplinary reasons up to one hour after the close of the maximum school day. (5 CCR 353)

If a student will miss his/her school bus on account of being detained after school, or if the student is not transported by school bus, the principal or designee shall notify parents/guardians of the detention at least one day in advance so that alternative transportation arrangements may be made. The student shall not be detained unless the principal or designee notifies the parent/guardian.

In cases where the school bus departs more than one hour after the end of the school day, students may be detained until the bus departs. (5 CCR 307, 353)

Students shall remain under the supervision of a certificated employee during the period of detention.

Students may be offered the choice of serving their detention on Saturday rather than after school.

(cf. 6176 - Weekend/Saturday Classes)

Community Service

As part of or instead of disciplinary action, the Board, Superintendent, principal, or principal's designee may, at his/her discretion, require a student to perform community

DISCIPLINE (continued)

service during nonschool hours on school grounds, or, with written permission of the student's parent/guardian, off school grounds. Such service may include, but is not limited to, community or school outdoor beautification, campus betterment, and teacher, peer, or youth assistance programs. (Education Code 48900.6)

This community service option is not available for a student who has been suspended, pending expulsion, pursuant to Education Code 48915. However, if the recommended expulsion is not implemented or the expulsion itself is suspended, then a student may be required to perform community service for the resulting suspension. (Education Code 48900.6)

Notice to Parents/Guardians and Students

At the beginning of the school year, the Superintendent or designee shall notify parents/guardians, in writing, about the availability of district rules related to discipline. (Education Code 35291, 48980)

(cf. 5145.6 - Parental Notifications)

The Superintendent or designee shall also provide written notice of the rules related to discipline to transfer students at the time of their enrollment in the district.
